

ALITHO GREASE

LITHIUM BASED GREASE

DESCRIPTION

Veedol Alitho greases are multipurpose lithium based greases with high water and oxidation resistance properties. They are available in NLGI consistencies of 2 and 3.

PERFORMANCE SPECIFICATIONS

Meets & exceeds the performance requirements of

- IS 7623 : 1993 (Reaffirmed 2011)

APPLICATIONS

Recommended for plain and anti-friction bearings.

FEATURES/BENEFITS

- Possesses excellent anti-corrosion, anti-rust characteristics.
- Can withstand high operating temperatures
- Excellent structural stability

CHARACTERISTICS

Test Parameter	Test Method	Typical Value	
		Alitho 20 Grease	Alitho 30 Grease
Texture	–	Smooth	Smooth
NLGI Consistency	–	2	3
Soap Type	–	Lithium	Lithium
Worked Penetration, 60st @25°C	ASTM D 217	281	238
Drop Point, °C	ASTM D 2265	190	191
