

ALITHEX 000**LITHIUM BASED GREASE****DESCRIPTION**

Veedol Alithex 000 is lithium based semi-fluid grease fortified with extreme pressure additives and special rust and oxidation inhibitors.

APPLICATIONS

Recommended for heavy duty application in steel, rubber, cement, paper, mining, sugar and construction industries for sleeve as well as anti-friction bearings.

Suitable for gear couplings, electric motors and general industrial machinery.

Recommended for use up-to 120°C temperature range

FEATURES/BENEFITS

- Effective bearing protection even under heavy shock load conditions.
- Excellent pumpability in centralized lubrication systems.
- Superior protection against rust and corrosion.
- Good water resistance characteristics.

CHARACTERISTICS

Test Parameter	Test Method	Typical Value
Colour	Visual	Brown
Texture	–	Smooth
NLGI Consistency	–	000
Soap Type	–	Lithium
Worked Penetration, 60st @25°C	ASTM D 217	460
Drop Point, °C	ASTM D 2265	150
