EXPLANATORY STATEMENT PURSUANT TO SECTION 102 OF THE COMPANIES ACT, 2013

Item No. 4

Shri Amit Varadan was appointed as an Additional Director of the Company with effect from 14th November, 2019. Accordingly, he will hold office up to the date of the 97th Annual General Meeting. The Company has received a notice in writing from a member alongwith the deposit of requisite amount under Section 160 of the Companies Act, 2013, proposing his candidature for the office of Director of the Company.

Shri Amit Varadan is not disqualified from being appointed as a Director in terms of Section 164 of the Companies Act, 2013 and has given his consent to act as a Director, if appointed.

Shri Amit Varadan is presently posted as the Joint Secretary in the Department of Heavy Industry, Ministry of Heavy Industries and Public Enterprises, Government of India. He holds Master's Degrees in Economics and Business Administration. He has rich and varied experience in the fields of Operation, Commercial, Safety, Vigilance, Information Technology and Public Relations.

Pursuant to Regulation 17(11) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, the Board recommends appointment of Shri Amit Varadan as a Director.

No person, as specified under Section 102(1)(a) of the Companies Act, 2013, other than Shri Amit Varadan is in any way concerned or interested in this Resolution proposed to be passed.

Item No. 5

In accordance with the provisions of Section 149 read with Schedule IV to the Companies Act, 2013, appointment of an Independent Director requires approval of members. Based on the recommendation of the Nomination and Remuneration Committee, the Board of Directors have proposed that Shri S. Das, Non-Executive Director be appointed as an Independent Director of the Company to hold office for 3 (three) consecutive years with effect from 1st April, 2020 for a term upto 31st March, 2023. The appointment of Shri S. Das shall be effective upon approval by the members in the meeting.

Shri S. Das is not disqualified from being appointed as a Director in terms of Section 164 of the Companies Act, 2013 and has given his consent to act as a Director, if appointed. The Company has received a declaration from Shri Das that he meets the criteria of independence as prescribed both under sub-section (6) of Section 149 of the Act and under Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended (the Regulations). In the opinion of the Board, Shri Das fulfils the conditions for his appointment as an Independent Director as specified in the Companies Act, 2013 and the Regulations. Shri S. Das is independent of the management and possesses appropriate skills, experience and knowledge.

Shri S. Das is a qualified Chartered Accountant with more than 31 years of post qualification experience. He has in-depth knowledge and experience in fields relating to Finance, Legal and Management. He is on the Board of various companies which includes a listed entity as well in addition to this Company. He does not hold any share of the Company in his own name. Keeping in view fulfillment of various conditions for his appointment as an Independent Director as specified under various prevailing statutes, in force and considering his vast expertise and knowledge, it will be in the interest of the Company that Shri S. Das, Non-Executive Director be appointed as an Independent Director of the Company. This may be deemed to be the justification for choosing Shri Das for appointment as an Independent Director.

Copy of the draft letter of appointment of Shri S. Das as an Independent Director setting out the terms and conditions, is available for inspection by the Members at the Registered Office of the Company without any fees during the office hours on any working day, except Saturdays, Sundays and public holidays, between 11.00 a.m. to 5.00 p.m. till the date of the 97th Annual General Meeting (AGM) subject to available relaxations, if any granted by local authorities in view of restrictions imposed due to outbreak of the pandemic. However for the purpose of inspection, the document shall also be available at the website of the Company www.tidewaterindia.com under Investor Relations. The aforesaid document will also be available for inspection at the venue of the AGM.

Pursuant to Regulation 17(11) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, the Board recommends appointment of Shri S. Das as an Independent Director.

No person, as specified under Section 102(1)(a) of the Companies Act, 2013, other than Shri S. Das is in any way concerned or interested in this Resolution proposed to be passed.

Item No. 6

Your Company has been procuring lubricating oil and other chemicals from Standard Greases & Specialities Private Limited (SGSPL), which has been offering competitive rates for its products to your Company. SGSPL is one of the largest grease producers in Asia and they are supplying grease to meet the needs of Western and Northern Regions of the Company as there are no grease plants thereat.

Section 2(76) of the Companies Act, 2013, inter alia, states that 'related party' with reference to a Company, will include any private company in which a Director or manager is a member or Director. Since, Shri D. S. Chandavarkar and Shri Vinod S. Vyas are Directors of SGSPL and also are on the Board of your Company, SGSPL will be deemed to be a related party as per the definition of the terms in Section 2 of the Companies Act, 2013. Further SGSPL is a joint promoter of your Company.

Under Regulation 23 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, 'Material Related Party Transaction', has been defined to include transaction / transactions to be entered into individually or taken together with previous transactions during a financial year, exceeding 10% (ten percent) of the annual consolidated turnover, as per the last audited financial statement of the Company and that material related party transactions must have prior approval of the members of the Company by way of a Resolution.

Section 188 of the Companies Act, 2013 read with Rule 15 of the Companies (Meetings of Board and its Powers) Rules, 2014, as amended inter alia states that except with the prior approval of the Company by a Resolution, a company shall not enter into a transaction or transactions involving sale, purchase or supply of any goods or material directly or through appointment of agent where the transaction or transactions to be entered into amounts to 10% (ten percent) or more of the turnover of the Company.

As your Company proposes to procure lubricating oil and other chemicals from SGSPL and also buy grease from them, cumulative transaction value whereof during the financial year ending on 31st March 2021 (i.e. Rs. 280 crores), is envisaged to exceed the limits stated under Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended and the Companies Act, 2013 read with Rules framed thereunder your approval is sought by way of passing an Ordinary Resolution. This may be deemed to be a disclosure as required under Rule 15 of Companies (Meetings of Board and its Powers) Rules, 2014, as amended.

The Board of Directors of your Company considers that the proposed Ordinary Resolution is in the interest of the Company and pursuant to Regulation 17(11) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, the Board recommends the resolution relating to entering into transactions involving sale, purchase or supply of any goods or material and/or availing or rendering of any services with SGSPL upto an amount of Rs. 280 Crores (Rupees Two Hundred and Eighty Crores only) during the financial year ending on 31st March, 2021, for your approval.

No person, as specified under Section 102(1)(a) of the Companies Act, 2013, other than Director(s) nominated by SGSPL on the Board of Directors of the Company is in any way concerned or interested in this Resolution proposed to be passed. None of the Directors and Key Managerial Personnels of your Company, other than the Director(s) nominated by SGSPL on the Board of Directors of the Company do not hold any equity shares in SGSPL. Other entities belonging to the category of 'Promoters or Part of the Promoter Group' do not hold any equity shares in SGSPL.

The Audit Committee of your Company has approved this resolution in the meeting of the said Committee held on 14th February, 2020.

As per the provisions of Section 188(1) of the Companies Act, 2013 and Regulation 23 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, all entities falling under the definition of related parties shall not vote to approve this resolution irrespective of whether the entity is a party to this transaction or not.

Item No. 7

During 2014-15, pursuant to a Joint Venture Agreement between JXTG Nippon Oil and Energy Corporation (formerly JX Nippon Oil and Energy Corporation), Japan and your Company, JX Nippon TWO Lubricants India Private Limited (JXTL) was formed, wherein the business segment relating to 'ENEOS' range of products was transferred. JXTL is a Joint Venture Company and is also an Associate Company as your Company holds 50% stake therein. JXTL is construed to be a 'related party' in terms of Section 2(76) read with Section 2(6) of the Companies Act, 2013. Shri R. N. Ghosal, Managing Director is also a Director of JXTL.

Your Company has entered into a Franchisee Agreement with JXTL with effect from 1st October, 2014. As such, the said arrangement(s) may be construed to invoke provisions as contained in Section 188 of the Companies Act, 2013 and rules made thereunder.

Under Regulation 23 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended 'Material Related Party Transaction' has been defined to include transaction/ transactions to be entered into individually or taken together with previous transactions during a financial year, exceeding 10% of the annual consolidated turnover, as per the last audited financial statement, of the Company and that material related party transactions must have prior approval of the members of the Company by way of a Resolution.

Section 188 of the Companies Act, 2013 read with Rule 15 of the Companies (Meetings of Board and its Powers) Rules, 2014, as amended inter alia states that except with the prior approval of the Company by a Resolution, a company shall not enter into a transaction or transactions involving sale, purchase or supply of any goods or material directly or through appointment of agent where the transaction or transactions to be entered into amounts to 10% (ten percent) or more of the turnover of the Company.

As your Company manufactures/supplies oils relating to FF segment and SF segment on behalf of / to the Joint Venture Company viz. JX Nippon TWO Lubricants India Private Limited and also provides allied services, referred above, with respect to the concerned business, cumulative transaction value whereof during the financial year ending on 31st March, 2021, (i.e. Rs. 291 crores), is envisaged to exceed the limits stated under Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, and the Companies Act, 2013 read with rules framed thereunder your approval is sought by way of passing an Ordinary Resolution. This may be deemed to be a disclosure as required under Rule 15 of Companies (Meetings of Board and its Powers) Rules, 2014, as amended.

The Board of Directors of your company considers that the proposed Ordinary Resolution is in the interest of the Company and pursuant to Regulation 17(11) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, the Board recommends the resolution relating to entering into transactions involving sale, purchase or supply of any goods or material and/or availing or rendering of any services with JX Nippon TWO Lubricants India Private Limited upto an amount of Rs. 291 Crores (Rupees Two Hundred and Ninety One Crores only) during the financial year ending on 31st March, 2021, for your approval.

No person, as specified under Section 102(1)(a) of the Companies Act, 2013, other than Shri R. N. Ghosal, Managing Director is in any way concerned or interested in this Resolution proposed to be passed. The existing Promoters or entities belonging to the Promoter Group, Directors and Key Managerial Personnels of your Company do not hold any equity shares in JXTL.

The Audit Committee of your company has approved this resolution in the meeting of the said Committee held on 14th February, 2020.

As per the provisions of Section 188(1) of the Companies Act, 2013 and Regulation 23 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended all entities falling under the definition of related parties shall not vote to approve this resolution irrespective of whether the entity is a party to this transaction or not.

Item No. 8

The Company is required under Section 148 of the Companies Act, 2013 (Act) read with Companies (Cost Records and Audit) Amendment Rules, 2016 to have the audit of its cost records conducted by a Cost Accountant in practice. The Board of Directors of the Company, on the recommendation of the Audit Committee, has approved the appointment of Messrs. DGM and Associates, Cost Accountants to conduct audit of cost records of the Company for products covered under the Companies (Cost Records and Audit) Amendment Rules, 2016 for the financial year ending on 31st March, 2021, at a remuneration of Rs. 2,00,000 (Rupees Two Lakhs only) plus reimbursement of out-of-pocket expenses.

In accordance with the provisions of Section 148 of the Act read with the said Rules, the remuneration payable to the Cost Auditors as recommended by the Audit Committee and approved by the Board of Directors has to be ratified by the Members of the Company.

Accordingly, the consent of the Members is sought by way of passing an Ordinary Resolution as set out at Item No. 8 of the Notice for ratification of the remuneration payable to the Cost Auditors for the financial year ending on 31st March, 2021.

The Board of Directors of your Company considers that the proposed Ordinary Resolution is in the interest of the

Company and pursuant to Regulation 17(11) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended the Board recommends the resolution relating to ratification of remuneration of Rs. 2,00,000 (Rupees Two Lakhs only) plus out-of-pocket expenses payable to Messrs. DGM and Associates, Cost Accountants (Firm's Registration No. 000038) who have been appointed by the Board of Directors as the Cost Auditors of the Company, to conduct the audit of the cost records of the Company for the financial year ending on 31st March, 2021, for your approval.

No person, as specified under Section 102(1)(a) of the Companies Act, 2013, is in any way concerned or interested in this Resolution proposed to be passed.

Item No. 9

The remuneration of Shri R. N. Ghosal, Managing Director was last revised by the shareholders vide their resolution dated 14th August, 2018.

The Company has been historically following the pay structure of Central Public Sector Enterprises. However, the Nomination and Remuneration Committee of the Board (NR Committee) and the Board of Directors (the Board) of the Company at their respective meetings held on 14th February, 2020 recommended and resolved that to retain and attract the right talent, the Company would be required to adhere to compensation packages prevailing in the industry, which is deemed to be higher than the existing compensation structure followed by the Company. As such, in order to even out such perceived imbalance, at the said meetings, it was decided to grant Special Compensation proportionally to the present employees in the rank of Vice President (E-8) and above so as to retain existing talent and also rule out any difference that might occur from the compensation package(s) to be offered from time to time in future for attracting deserving incumbents for such positions.

In view of the above, the Board on the recommendation of the NR Committee, subject to approval of the members of the Company, decided to grant a Special Compensation of Rs. 1,00,000 (Rupees One Lakh only) per month to Shri R. N. Ghosal, Managing Director with effect from 1st January, 2020 till his remaining term i.e. upto 28th February, 2021, in addition to the remuneration sanctioned by the shareholders vide the resolution referred hereinabove.

The remuneration structure of Shri R. N. Ghosal, Managing Director, post inclusion of the aforesaid Special Compensation will be as follows:

(a) Salary :

- i) Basic Salary at Rs. 2,14,960/- per month with annual increment of 3% p.a.
- ii) Dearness Allowance - As per Company Rules.
- iii) Housing - Company Accommodation or HRA @ 24% of Basic Salary.
- iv) Special Compensation at Rs. 1,00,000/- per month

(b) Commission :

0.3% of the Net Profit of the Company (as per Companies Act, 2013) subject to a maximum of Rs. 9,00,000/-.

(c) Stock Option

As per Tide Water Oil Company (India) Limited Employee Benefit Scheme, as framed and upto such limit as may be declared and implemented from time to time.

(d) Perquisites & Allowances:

The total perquisites excluding that of HRA and other non-cash perquisites/superannuation benefits etc., shall not exceed 35% of the revised Basic Pay. In case Company owned accommodation, Company to bear income tax liability, 50% whereof to be loaded within the ceiling of 35%, subject to Income Tax Rules. In addition to the above, the Managing Director will be entitled to the following:

- i) Electricity etc. : - As per Company Rules
- ii) Leave Travel Concession : As per Company Rules
- iii) Club Fees : As per Company Rules
- iv) Motor Car : As per Company Rules
- v) Telephone : Free telephone facilities at residence. Personal long distance calls on telephone will be recoverable by the Company.
- vi) Leave : As per Company Rules
- vii) Voucher Payments : As may be applicable on actual basis
- viii) Medical Reimbursement : As per Company Rules

(e) Superannuation Benefits :

- i) Provident Fund – As per Company Rules
 - ii) Gratuity - As per provisions of The Payment of Gratuity Act, 1972 including any amendment thereof
 - iii) Superannuation Fund - As per Company Rules
 - iv) Post Retirement Medical Reimbursement – As per Company Rules
- Company's contribution towards Provident Fund, Gratuity, Pension Fund and Post Retirement Medical Benefits will be subject to maximum 30% of Basic Pay and Dearness Allowance.

In computing monetary ceilings on perquisites the Company's contribution to Provident Fund, Pension Fund and Gratuity shall not be taken into account.

As any variation in terms of appointment of a Whole Time Director requires sanction of shareholders, your approval is hereby sought for grant of the said Special Compensation to Shri R. N. Ghosal, Managing Director.

The Board of Directors of your company considers that the proposed Ordinary Resolution is in the interest of the Company and pursuant to Regulation 17(11) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended the Board recommends the resolution relating to grant of Special Compensation to Shri R. N. Ghosal, Managing Director, for your approval.

No person, as specified under Section 102(1)(a) of the Companies Act, 2013, other than Shri R. N. Ghosal, Managing Director is in any way concerned or interested in this Resolution proposed to be passed.

Item No. 10

With the outbreak of the pandemic, it has been observed that there has been a boost in the industry related to personal hygiene. This area is deemed to be new and having lot of potential for growth. As such, the Board of Directors (the Board) of the Company vide its resolution dated 24th June, 2020 decided to explore the business vertical relating to selling of sanitizer, personal protection equipments (ppe), etc. as an additional business vertical to be pursued by the Company in future.

Further the Board vide its aforesaid resolution also decided to explore another vertical viz. selling of car care products as a viable business avenue in addition to the existing line of business and the vertical referred above. This is deemed to be advantageous as products manufactured primarily within the group can be marketed through the Company's own distribution channels.

Since these lines of business are not specifically included in the existing Objects Clause of the Company, pursuing these verticals will involve amendment of the Objects Clause of the Memorandum of Association of the Company which will require shareholders' approval through Special Resolution pursuant to the provisions of Section 13 of the Companies Act, 2013.

The Board of Directors of your Company considers that the proposed Special Resolution is in the interest of the Company and pursuant to Regulation 17(11) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended the Board recommends the resolution relating to alteration of Objects Clause of Memorandum of Association (MOA) of the Company by adding paragraph 'zd' and 'ze' after the existing paragraph 'zc' of Clause 3(c) of the MOA, for your approval.

A copy of the proposed MOA of the Company will be available for inspection by the Members at the Registered Office of the Company during the office hours on any working day, except Saturdays, Sundays and public holidays, between 11.00 a.m. to 5.00 p.m. till the date of the 97th Annual General Meeting (AGM) subject to available relaxations, if any granted by local authorities in view of restrictions imposed due to outbreak of the pandemic. However for the purpose of inspection, the documents shall also be available at the website of the Company at www.tidewaterindia.com under Investor Relations. The aforesaid document will also be available for inspection at the venue of the AGM.

No person, as specified under Section 102(1)(a) of the Companies Act, 2013, is in any way concerned or interested in this Resolution proposed to be passed.

PERFORMANCE AND STATE OF COMPANY'S AFFAIRS

Your Company has completed another successful year of operation by achieving a turnover of Rs. 1322.74 crores (net of discount and rebates Rs. 1127.28 crores) compared to Rs. 1383.62 crores (net of discount and rebates Rs. 1193.34 crores) in the previous year, a decrease of 4.40%. This performance is even more satisfying as it has been achieved despite difficult market conditions arising out of slowdown in the economy, particularly during the end of the financial year owing to the outbreak of the pandemic. In spite of severe headwinds from various quarters, the Company achieved a Profit before Tax (PBT) of Rs. 142.63 crores as compared to Rs. 146.96 crores in the preceding year. The profit achieved was primarily on account of rationalization of the pricing structure, adoption of austerity measures and optimum procurement of raw materials.

The Consolidated turnover (net of discount and rebates) was Rs. 1316.57 crores as compared to Rs. 1377.00 crores for previous year. The Consolidated Profit before Tax was higher at Rs. 160.44 crores as compared to Rs. 151.63 crores for the preceding year.

The brand equity of the Company's products in the industry has withstood the test of time and is expected to aid the Company in performing better in the coming years. The efforts of brand building primarily through promotional activities targeted at mechanics and fleet owners, have helped the Company to create a 'niche' for its products even in a turbulent business environment. Further continued focus on the premium segment and efficient procurement strategies have also helped the Company to post such results.

Your Company continued to pursue its campaigns in electronic media for both Diesel Engine Oil and Petrol Engine Oil segments. The 'bazaar' segment also remained one of the main focal points during the year. Further realignment of the distribution network, efforts in maintaining direct contacts with the customers and various strategic alliances with the leading Original Equipment Manufacturers (OEMs) have helped your Company to achieve these results and increase its presence in new markets.

The Company's Plants at Silvassa, Turbhe, Oragadam, Ramkrishnapur and Faridabad are accredited under ISO 9001:2015 for quality standards. The Turbhe, Silvassa and Oragadam Plants had obtained accreditation under ISO 14001:2015 for environmental standards. The Silvassa Plant has also obtained OHSAS 18001:2007 accreditation for occupational health and safety standards. The activities carried out by the Company's accredited R&D Centers have been successful in upgrading product

formulation by way of absorption of latest technology prevailing in the industry.

Your Company's products primarily marketed under the 'VEEDOL' brand name are well established and accepted in the industry for their quality and range. The Joint Venture Company (JVC) viz. JX Nippon TWO Lubricants India Private Limited (JXTL), wherein your Company and JXTG Nippon Oil & Energy Corporation (formerly JX Nippon Oil & Energy Corporation), Japan, have 50:50 stake, continues to undertake marketing of the 'ENEOS' brand of products in India. The production facilities, warehousing, logistic and other ancillary support continue to be extended by your Company to the JVC. Details of performance of this joint venture are stated in the later part of the report.

BRAND 'VEEDOL'

With the acquisition of Veedol International Limited, the Company got the global rights to a wide portfolio of registered trademarks for the master brand 'VEEDOL' as well as its associate product sub-brands and iconic logos. The Company has exploited this opportunity for marketing lubricants under the 'VEEDOL' brand in various geographies around the world.

INTERNATIONAL OPERATIONS

Your Company had invested in 100% shares of Veedol UK Limited (formerly Price Thomas Holdings Limited), having a wholly owned subsidiary viz. Granville Oil & Chemicals Limited (GOCL), which is engaged in manufacturing and selling of lubricants and automotive after care products. Since GOCL has its own manufacturing facility, it has resulted in competitive product pricing internationally. Also, the range of products and its sales distribution network have been beneficial for the Company's international operations. GOCL mainly operates in United Kingdom and key brands marketed inter alia include Granville, Gunk, Nova and Autosol.

Other than as stated above and besides holding 100% shares of Veedol International Limited the Company presently has two wholly owned subsidiaries viz. Veedol International DMCC (VID), Dubai and Veedol Deutschland GmbH (VDG), Germany to cater to the Middle East Asian Region and Europe, respectively. The Company's another subsidiary Veedol International BV (VIBV), Netherlands has been closed down on 31st December, 2019 on account of restructuring of European business of the Company. In order to achieve economies of scale VDG and GOCL are now exporting Veedol products to the territories which were being serviced through VIBV in addition to their own assigned geographies.

Further Veedol International Americas Inc. had also been floated as a wholly owned subsidiary of Veedol

International Limited, UK. This has relaunched Veedol in Andean Region of South America.

Veedol International Limited has also licensed the Veedol brand inter alia to a licensee in Canada, Mexico and other licensees in France, Germany, Bangladesh and Republic of South Africa for sales thereat.

WIND ENERGY BUSINESS

During the year 2019-20, the revenue generated from the Wind Energy Project amounted to Rs. 1.84 crores. The Company produces enough clean energy to offset its electricity consumption from fossil fuel sources. The sector is poised to provide adequate returns over the years.

DIVIDEND

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Management Discussion and Analysis Report for the year under review, as stipulated under Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, is presented in a separate section forming part of the Annual Report as **Annexure II**.

CORPORATE GOVERNANCE

Your Directors affirm their commitment to good Corporate Governance practices. The report on Corporate Governance as per the requirement of Securities

and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, together with a certificate from a Practicing Company Secretary and declaration by the Managing Director forms part of this report.

SUBSIDIARY COMPANIES

On acquisition of 100% shares, Veedol International Limited had become a wholly owned subsidiary of the Company with effect from October, 2011. Further to explore possibilities of marketing the products under 'Veedol' brand in the Middle East Asian Markets, your Company had floated another wholly owned subsidiary under the name Veedol International DMCC at Dubai, UAE. With a view to cater to the European Markets (excepting the DACH region) the company had set up another wholly owned subsidiary viz. Veedol International BV, having its office at Amsterdam, the Netherlands. The said company has been closed down during the year on 31st December, 2019 due to reorganization of European operations.

As the 'Veedol' brand enjoys considerable brand equity in the DACH region, Veedol Deutschland GMBH (VDG) had been initially set up as a 100% subsidiary of Veedol International BV (VIBV). During 2017-18, the Company had acquired 100% shareholding of VDG from VIBV. VDG continues to carry out its marketing operations for the DACH region and the same operates from Langenfeld, Germany.

However post-restructuring of European business VDG is currently exporting Veedol products to territories which were being serviced through VIBV in addition to its own assigned geographies.

Veedol International Americas Inc. had been incorporated as a 100% subsidiary of Veedol International Limited. Veedol International Americas Inc. markets Veedol products in the Andean Region of South America. This Company operates from Ontario, Canada.

During 2016-17, your Company had also acquired 100% shares of Veedol UK Limited (VUK) (formerly Price Thomas Holdings Limited), having a wholly owned subsidiary viz. Granville Oil & Chemicals Limited, which has its own manufacturing facility and is engaged in manufacturing and selling of lubricants and automotive after care products throughout United Kingdom (UK). GOCL operates from Rotherham, UK.

The Statement of Accounts along with the Report of the Board of Directors and Auditors relating to your Company's Overseas Subsidiaries viz. Veedol International Limited, Veedol International DMCC, Veedol Deutschland GmbH and Veedol UK Limited (formerly Price Thomas Holdings Limited) for the financial year 2019-20 are not annexed.

Shareholders, who wish to have a copy of the full Report and Accounts of the aforesaid subsidiary companies, will be provided the same, on receipt of a written request. These documents will also be available for inspection by any shareholder at the Registered Office of the Company and the concerned subsidiary companies during business hours on all working days till 28th August, 2020 subject to available relaxations, if any granted by local authorities in view of restrictions imposed due to outbreak of the pandemic. However for the purpose of inspection, the documents shall also be available at the website of the Company at www.tidewaterindia.com under 'Financials of Subsidiary Companies'.

PERFORMANCE OF SUBSIDIARIES AND JOINT VENTURE COMPANIES AS PER RULE 8(4) OF THE COMPANIES (ACCOUNTS) RULES, 2014

A report on the performance and the financial position of each of the Subsidiaries and Joint Venture Companies as per the Companies Act, 2013 is annexed to the Consolidated Financial Statements and hence not repeated here for the sake of brevity.

The policy for determining material subsidiaries, as approved may be referred to at the official website of the Company at the weblink <https://www.tidewaterindia.com/wp-content/uploads/2017/02/Material-Subsidiary-Policy-2.pdf>.

CONSOLIDATED FINANCIAL STATEMENTS

The Consolidated Financial Statements have been prepared in accordance with the principles and procedures for the preparation and presentation of Consolidated Accounts as set out in the Indian Accounting Standards (IndAS) on Consolidated Financial Statements notified by the Companies (Indian Accounting Standards) Rules, 2015. CHANGE IN THE NATURE OF BUSINESS

There has been no change in the nature of business, during the period under review.

MATERIAL CHANGES AND COMMITMENTS AFFECTING THE FINANCIAL POSITION OF THE COMPANY

With the global outbreak of Covid-19, the manufacturing plants of the Company had to be shut down temporarily in compliance with the directives of the Central Government and various State Governments. The Registered Office alongwith the Regional Offices were also closed as per directives applicable to them. The Company had to adopt Work from Home Policy for all its office employees and other staff to minimize the risk and contain spread of Covid-19. However, with the implementation of gradual relaxations, the plants of the Company had resumed their operations in a limited way as reported to the Stock Exchanges vide disclosures dated 5th May, 2020 and 25th May, 2020. The major Regional Offices had also resumed their operations with due compliance of guidelines permitting the same. From the end of April, 2020 though the Company managed to get only very marginal sales but the distribution / delivery of the products has been affected due to classification of the products as non-essential.

Disruption of normal operations will have its adverse consequential effects on the operations and results for the financial year 2020-21. These are early days and the Company is not in a position to gauge with certainty the future impact on operations but expects normalcy to be achieved in times to come. Further drop in sales is expected to impact profitability which will be assessed

once more clarity emerges. As such quantitative impact of the same will be reported in due course alongwith the annual and quarterly results after proper estimation.

REPORTABLE FRAUDS

No fraud has been reported by the Auditors under Section 143(12) of the Companies Act, 2013, during the period under review.

ANNEXURE I

DIVIDEND DISTRIBUTION POLICY

1. Background and applicability

The SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 require the top 500 listed companies (by market capitalization as on March 31 of every financial year) to disclose a Dividend Distribution Policy in the annual report and on the corporate website.

The Board of Directors of Tide Water Oil Co. (I) Limited has adopted this Dividend Distribution Policy to comply with these requirements.

The Policy shall apply to the ordinary equity shares issued and outstanding and shall not apply to determination and declaration of dividend on preference shares or any other class of shares, as and when issued by the Company, as the same will be as per the terms of issue approved by the shareholders.

2. Objective

The objective of this Policy is to ensure the right balance between the quantum of Dividend paid and amount of profits retained in the business for various purposes. Towards this end, the Policy lays down parameters to be considered by the Board of Directors of the Company for declaration of Dividend from time to time.

3. Definitions

"Applicable Laws" shall mean the Companies Act, 2013 and Rules framed thereunder, the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended from time to time and such other act, rules or regulations which provides for the distribution of Dividend.

"Board" shall mean Board of Directors of the Company.

"Companies Act or Act" shall mean the Companies Act, 2013 and Rules framed thereunder, notified by the Ministry of Corporate Affairs, Government of India, as amended.

"Company" shall mean Tide Water Oil Co. (I) Limited.

"Dividend" includes any interim dividend.

"Policy" means this Dividend Distribution Policy.

"Regulations" shall mean the Securities and Exchange Board of India (Listing Obligations and

Disclosure Requirements) Regulations, 2015 as notified by The Securities and Exchange Board of India, as amended, from time to time.

4. Financial Parameters and internal and external factors that would be considered for declaration of dividend

- Distributable surplus available as per the Act and Regulations
- The Company's liquidity position and future cash flow needs
- Track record of Dividends distributed by the Company
- Payout ratios of comparable companies
- Prevailing Taxation Policy or any amendments expected thereof, with respect to dividend distribution
- Capital expenditure requirements considering the expansion and acquisition opportunities
- Cost and availability of alternative sources of financing
- Statutory provisions and guidelines
- Macroeconomic and business conditions in general
- Any other relevant factors that the Board may deem fit to consider before declaring dividend

5. CIRCUMSTANCES UNDER WHICH THE SHAREHOLDERS OF THE COMPANY MAY OR MAY NOT EXPECT DIVIDEND

The Dividend for any financial year shall normally be paid out of the Company profits for that year, as calculated in line with the applicable laws. If circumstances require, the Board may also declare dividend out of accumulated profits of any previous financial year(s), subject to compliance of applicable laws.

The shareholders of the Company may not expect Dividend under the following circumstances:

- Whenever it undertakes or proposes to undertake a significant expansion project requiring higher allocation of capital;
- In case of significant higher working capital requirements adversely impacting free cash flow;
- Whenever it undertakes any acquisitions or joint ventures requiring significant allocation of capital;
- In the event of inadequacy of profits or whenever the Company has incurred losses.
- For any other reason as the Board may deem fit from time to time.

6. UTILIZATION OF RETAINED EARNINGS

Retained Earnings may be used for corporate actions in accordance with applicable law and for investments towards growth of the business.

7. PROCEDURE

Final dividend is declared at the Annual General Meeting (AGM) of the shareholders on the basis of recommendations of the Board. The Board may, at its discretion, also declare interim dividend.

8. PARAMETERS TO BE ADOPTED WITH REGARD TO VARIOUS CLASS OF SHARES

Since the Company has issued only one class of equity shares with equal voting rights, all the members of the Company are entitled to receive the same amount of dividend per share. The Policy shall be suitably reviewed / amended at the time of issue of any new class of shares depending upon the nature and guidelines thereof.

9. DISCLOSURES

The Dividend Distribution Policy shall be disclosed in the Annual Report and on the website of the Company

10. MODIFICATION OF THIS POLICY

The Board is authorised to change/amend this policy from time to time at its sole discretion and/or in pursuance of any amendments made in the Companies Act, the Regulations, etc.

11. DISCLAIMER

This document does not solicit investments in the Company's securities. Nor is it an assurance of guaranteed returns (in any form), for investments in the Company's equity shares.

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

Industry Structure and Developments

The Indian lubricant market accounts for a decent percentage of global lubricant demand. It is the third-largest lubricant market in the world after the United States and China and one that showed some growth prospects during the year 2019-20. While the overall lubricant demand growth in the country has slowed in the last couple of years, it remains one of the fastest-growing lubricant markets in the world. The major factors driving the growth of the market are inter alia presence of large industrial manufacturing sector comprising of automotive and auto component manufacturing, chemicals, pharmaceuticals, tyre and rubber, power generation and mining. This is coupled with growing commercial and consumer vehicle population and transport infrastructure.

The consumer automotive lubricant market is dominated by two-wheeler oils, while increase of passenger cars and on-highway and off-highway fleets continue to have a positive effect towards the volume growth of the lubricant industry. Increasing preference for vehicles for personal mobility and easy finance options are driving sales of automobiles in India, which in turn, is increasing demand for automotive lubricants. Mineral oils hold the major share among all the automotive lubricants used in the country and demand for synthetic and semi-synthetic lubricants has also gained ground.

Overall the economy remained quite stable during 2019-20. However, the foreign exchange rates remained volatile and devaluation of Rupee had partially offset the advantage accruing from declining base oil price. Moreover per capita volume consumption of lubricants in India declined over past few years as a result of improving lubricant and engine quality. Stiff competition from major international lubricant players present in the market has driven your Company to focus on issues like technology upgradation, engine protection and extended engine life, etc. Further, substantial shift in quality level is also envisaged in view of modernization of the vehicles and increasingly stringent emission norms, demanding capital intensive R&D programmes. With the Government mandate to manufacture, sell and register only BS-VI (BS 6) vehicles from 1st April, 2020, new emission standards have been laid down which led to introduction of various after treatment devices and catalysts to reduce harmful emission. Your Company is prepared to supply engine oil for new generation BS-VI engines and with its well-diversified basket of products is expected to perform reliably in the coming years and exploit envisaged opportunities.

However, the outbreak of Covid-19 pandemic across the globe had its adverse effect on the industry which will bring a series of challenges for the ensuing financial year. The consequential effects of the pandemic viz. lockdown of the entire nation, closure of all commercial and private establishments, except those deemed essential has severely impacted the industrial sector among the others. In addition, with disruption in transport sector movement of non-essential commodities has been severely impaired. This is likely to continue till the industry adapts to the new normal.

Opportunities and Threats

Economic and regulatory forces are reshaping the dynamics of lubricants supply and demand in India. Though the market remains fiercely price competitive, the demand for premium higher grade lubricants required by advanced engines is gaining ground. With the introduction of BS VI compliant vehicles beginning 1st April, 2020, the costs of which are higher than BS IV compliant vehicles, there may be an adverse effect on the increase in personal mobility at this stage. This is more so considering the effect of the pandemic on the liquidity and the market sentiment towards purchase of essentials. As a result, the consumer automotive lubricant segment may witness a shrinkage in demand. Nevertheless your Company is putting in constant effort to build strong partnerships with Original Equipment Manufacturers (OEMs) across vehicle types. Your Company will also continue to focus on its bazaar trade which is lucrative in terms of margin and volume, particularly with the advent of new multi brand service centers and associate workshops. To cater to industry demand, the Company has a wide range of excellent products in different segments under its umbrella brand 'VEEDOL'. The Company's various other sub-brands such as Prima and Take Off have also been able to create goodwill in the market for their quality. This is supported by an elaborate and extensive network of dedicated distributors, dealers and consignment depots across the country. The various Loyalty Programmes with the dealers and the retailers have strengthened the marketing and distribution network of the Company. Further, acquisition of Veedol International Limited and Veedol UK Limited (formerly Price Thomas Holdings Limited) bestowed competitive edge unfolding promising opportunities globally.

However, the country-wide lockdown and restrictions imposed due to Covid-19 pandemic, have posed challenges to business of the Company. In view of the unprecedented situation, the Company is facing a general slowdown in production which is likely to continue till situation normalizes. The reduction is mainly on account of limited manpower and logistic challenges caused by lockdown restrictions. The production ramp up will be based on available inventory levels and the Company's estimation of demand. Disruption of normal operations may have its adverse consequential effects on the operations and results. As such the figures may remain subdued and drop in sales is expected to impact profitability in the ensuing year. Nevertheless with the improvement of the overall business scenario and continuation of cost control initiatives, the Company expects to come out of the crisis.

Apart from the above volatility in input prices, adverse foreign exchange situation can put pressure on margins.

Segment-wise Performance

The Company is a single segment company as mentioned in Note 46 of the Accounts.

Outlook

In comparison to other markets, the Indian lubricant market was growing at a moderate pace before the Covid-19 pandemic. In the long run, the market is expected to return to its normal growth rates, as the fundamental demand drivers are still in place. However, the ensuing year will see a contraction in demand. The severity of this contraction will depend upon the length of duration of the restrictions and the efforts undertaken to revive the economy. Based on the current scenario your Company will continue to focus on business opportunities by placing reliance upon its core strategies and line of business besides leveraging other opportunities to extend the distribution base and network for increasing its market share. Your Company presently enjoys the capacity to explore global opportunities with the establishment of multiple subsidiaries in foreign countries. Given your Company's brand salience, sound R&D set up, innovative business plan and wide distribution network, it is expected to meet the expectation of the stakeholders in times to come.

Risks and Concerns

Your Company is exposed to the usual economic risk as have emerged with the outbreak of Covid-19 pandemic which will have its adverse impact on the Company's operations and financials for the forthcoming financial year. The Company faces usual industry risks, which inter-alia includes, market risk, product liability risk, product failure risk, research and development risk, technical obsolescence risk, credit risk, inventory risk, manpower risk, cyber attack risk, foreign exchange fluctuation risk, regulatory and compliance risk and capacity utilization risk. Save and except the aforesaid the Company does not foresee any other area of concern.

Internal Control System

The Company has proper and adequate system of internal control.

Financial Performance

The details of financial performance of the Company are appearing in the Balance Sheet and the Statement of Profit and Loss Account for the year. During the year, the Profit before Tax has decreased by 2.95 %. This is in line with operational performance.

Human Resources

During the year, employer/employee relationships remained cordial. There has been no material development in human resource / industrial relations front. As on 31st March, 2020, 906 numbers of people (including contractual employees) were employed in the Company.

Changes in Key Financial Ratios

There have been no significant changes in key financial ratios, during the financial year 2019-20 as compared to the immediately previous financial year 2018-19.

The Return on Networth for the year 2019-20 is 15.18 % (p.y. 14.81 %). The change is in view of higher net profitability.

SECTION E: PRINCIPLE-WISE PERFORMANCE

Principle 1: Businesses should conduct and govern themselves with Ethics, Transparency and Accountability

1. Does the policy relating to ethics, bribery and corruption cover only the Company? Yes/No. Does it extend to the Group / Joint Ventures / Suppliers / Contractors / NGOs / Others?

Clause 2.1 of the BR policy deals with the provisions relating to business ethics. The same applies to all employees of the Company and endeavor is to extend it to other business partners, to the extent feasible. The Company ensures that agreed contracts are in line with ethical business practices ensuring actions where conduct of employees, vendors and other business partners are found inconsistent. Moreover, the Company has in place a Code of Conduct which is applicable for all the Directors and employees of the Company and each year your Company engages its Senior Management in Code of Conduct Certification.

2. How many stakeholder complaints have been received in the past financial year and what percentage was satisfactorily resolved by the management? If so, provide details thereof, in about 50 words or so.

During the year no complaint was received relating to ethics, bribery and corruption from any stakeholder.

Principle 2: Businesses should provide goods and services that are safe and contribute to sustainability throughout your life cycle

1. List up to 3 of your products or services whose design has incorporated social or environmental concerns, risks and/or opportunities.

Given the nature of its business your Company is aware that its products could have environmental concern during production and consumption. Over the years it has been constantly investing efforts in producing products which are environment friendly. In order to successfully do this, it has a capable R&D team that works constantly on innovating new products and improving existing products. In a depleting natural resources scenario, these products are to bring in higher efficiency in vehicles, thus leading to lower fuel consumption.

The Company has always been developing and marketing lubricants for new generation engines meeting stringent emission norms and fuel efficiency targets.

As a demand from OEMs and for general consumers, the Company has developed and is presently manufacturing following low viscosity products which support to achieve fuel economy targets.

Following are few Veedol Products supplied to customer during the year:

1. Veedol SYNTRON 0W-30
2. Veedol SYNTRON 0W-20
3. Veedol POWERTRON 5W30 SN
4. Veedol SYNTRON 5W-30 FFT SYN OIL
5. Veedol SYNTRON 5W-30
6. Veedol MARATRON LSP SPECIAL 10W30 CK4
7. Veedol BLUE BLOOD 10W30
8. Veedol TAKE OFF 4S 10W30 SN/MB

Additionally, with the introduction of BS VI engines, the Company is prepared to supply API CK-4 oil to OEMs and launched Veedol Maratron LSP range of engine oil for new generation BSVI engines. Similar type of low viscosity oils API SN /SN plus oils have been launched to meet Petrol Car and two wheeler OEMs and consumers.

Further, your Company has taken various energy efficiency measures at its plants which have been enumerated under the section 'Conservation of Energy' in the Directors' Report for 2019-20 and hence not repeated here for the sake of brevity.

2. Does the Company have procedures in place for sustainable sourcing (including transportation)?
 - (a) If yes, what percentage of your inputs was sourced sustainably? Also, provide details thereof, in about 50 words or so.
 Your Company sources its inputs from reputed national and international sources / entities, which are expected to be well versed with BR obligations. Finished product movements take place through roadways. All safety and environmental protocols are followed, in course of such transportation.
3. Has the Company taken any steps to procure goods and services from local and small producers, including communities surrounding their place or work?
 - (a) If yes, what steps have been taken to improve their capacity and capability of local and small vendors?
 Packaging materials are sometimes sourced locally. Proper quality checks are in place to ensure adherence with industry accepted standards. Findings, if any are reported and proper guidance / assistance are provided for improvement, whether in terms of capacity or capability.
4. Does the Company have a mechanism to recycle products and waste? If yes, what is the percentage of recycling of products and waste (separately as <5%, 5-10%, >10%). Also, provide details thereof, in about 50 words or so.
 The nature of business conducted by your Company does not provide for a high scope for using recycled material. The estimate of the percentage of waste recycled would be less than 5%. That being said your Company constantly looks for opportunities to recycle waste generated, if any as a result of its operations.

Principle 3: Businesses should promote the well-being of all employees (from HR)

1. Please indicate the Total number of employees – 517 (permanent), 906 (including temporary/contractual/casual)
2. Please indicate the Total number of employees hired on temporary / contractual / casual basis - 389
3. Please indicate the number of permanent women employees - 30
4. Please indicate the number of permanent employees with disabilities - 2
5. Do you have an employee association that is recognized by management? Yes (3 nos.)
6. What percentage of your permanent employees is members of this recognized employee association? 28%
7. Please indicate the number of complaints relating to child labour, forced labour, involuntary labour, sexual harassment in the last financial year and pending, as on the end of the financial year.

No.	Category	No. of complaints filed during the financial year	No. of complaints pending as on end of the financial year
1	Child labour / forced labour / involuntary labour	Nil	Not Applicable
2	Sexual harassment	Nil	Not Applicable
3	Discriminatory employment	Nil	Not Applicable

At each of four regions of the Company, Internal Complaints Committees have been set up in terms of Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 with a view to provide protection against sexual harassment of women at workplace and for prevention and redressal of complaints of sexual harassment and for matters connected therewith or incidental thereto.

8. What percentage of your under mentioned employees were given safety and skill upgradation training in the last year?
- Permanent Employees – 42%
 - Permanent Women Employees – Nil
 - Casual/Temporary/Contractual Employees – 70%
 - Employees with Disabilities – Nil

Principle 4: Businesses should respect the interest of, and be responsive towards all stakeholders, especially those who are disadvantaged, vulnerable and marginalized

1. Has the Company mapped its internal and external stakeholders? Yes/No

The Company has mapped its internal and external stakeholders as follows: employees, customers, dealers, suppliers, shareholders, regulatory authorities and members of the society who are directly or indirectly affected by your Company's operations.

2. Out of the above, has the Company identified the disadvantaged, vulnerable and marginalized stakeholders. There has never been any discrimination in treatment and rights available to any of the stakeholders.
3. Are there any special initiatives taken by the Company to engage with the disadvantaged, vulnerable and marginalized stakeholders? If so, provide details thereof, in about 50 words or so.

Various social initiatives for facilitating quality of life of stakeholders operating or residing around the factories are provided, depending upon specific requirement to this effect. CSR initiatives of the Company include steps undertaken by the Company for providing skill development training to garage owners / mechanics and also to economically weaker and socially disadvantaged youths in courses relating to "Earth Moving Equipment" and contributing for projects promoting education among children from socially and economically backward groups.

Principle 5: Businesses should respect and promote human rights

1. Does the policy of the Company on human rights cover only the Company or extend to the Group/Joint Ventures/Suppliers/Contractors/NGOs/Others?

Clause 2.5 of the BR Policy of the Company deals with provisions relating to promotion of human rights. As per Clause 2.5.3 of the said policy your Company recognizes and respects human rights of all relevant stakeholders and groups within and beyond the workplace, including that of communities, consumers, etc.

2. How many stakeholder complaints have been received in the past financial year and what percent was satisfactorily resolved by the management?

The Company did not receive any complaint regarding human rights violation from any quarter during the financial year under review.

Principle 6: Business should respect, protect, and make efforts to restore the environment

1. Does the policy related to Principle 6 cover only the Company or extends to the Group / Joint Ventures / Suppliers / Contractors / NGOs / Others.

Clause 2.6 of the BR Policy of the Company deals with provisions relating to protection of environment, which covers only the Company.

2. Does the Company have strategies / initiatives to address global environmental issues such as climate change, global warming, etc.? Y/N. If yes, please give hyperlink for webpage etc.

The Company recognized that climate change is a real threat facing not just the Company but the entire global community, of which it is just a part. Your Company also recognized it can play a meaningful role in trying to mitigate the problem by adopting certain strategies and initiatives in its day to day operations.

Information in this regard is available at the official website of the Company at the weblink www.tidewaterindia.com/wp-content/uploads/2017/02/steps-taken-for-Environment-Protection-2019-20.pdf.

3. Does the Company identify and assess potential environmental risks? Y/N

Your Company actively tries to identify, assess and address potential environmental risks and takes pre-emptive action to minimize such risks in a structured manner.

4. Does the Company have any project related to Clean Development Mechanism? If so, provide details thereof, in about 50 words or so. Also, if Yes, whether any environmental compliance report is filed?

The Company has 2 (two) windmills in Kasthuriengapuram and Kumbikulam in Tirunelveli, Tamil Nadu of 1.5 MW each. However, the Company has not registered itself for carbon credit in connection with the same.

5. Has the Company undertaken any other initiatives on – clean technology, energy efficiency, renewable energy, etc. Y/N. If yes, please give hyperlink for webpage etc.

The Company has been progressively reducing its energy consumption. Constant efforts are in place to conserve energy and improve energy efficiency in all its plants. The 'Conservation of Energy' section of the Directors' Report for 2019-20, specifies steps taken in this regard. Further, the Company had invested in two windmills with a total capacity of 3MW for generation of renewable energy at Tamil Nadu. The Company produces enough clean energy to offset its electricity consumption from fossil fuel sources.

6. Are the Emissions/Waste generated by the Company within the permissible limits given by CPCB/SPCB for the financial year being reported?

All factories of the Company comply with the prescribed emission norms of various State or Central Pollution Control Boards.

7. Number of show cause/legal notices received from CPCB/SPCB which are pending (i.e. not resolved to satisfaction) as on end of Financial Year.

During the year 2019-20, no show cause / legal notice has been received by the Company from CPCB / SPCB.

Principle 7: Businesses, when engaged in influencing public and regulatory policy should do so in a responsible manner

1. Is your Company a member of any trade and chamber or association? If Yes, Name only those major ones that your business deals with:

Tide Water Oil Co. (I) Limited is a member of The Bengal Chamber of Commerce & Industry.

2. Have you advocated/lobbied through above associations for the advancement or improvement of public good? Yes/No: If yes, specify the broad areas (drop box: Governance and Administration, Economic Reforms, Inclusive Development Policies, Energy Security, Water, Food Security, Sustainable Business Principles, Others).

Your Company believes in promoting public policies and regulatory framework that serve the common good of the society. In the past the Company had contributed towards Swachh Bharat Kosh, which had been set up

to attract funds from corporate sector, individuals and philanthropists in response to the call given by Hon'ble Prime Minister to achieve the objective of Clean India (Swachh Bharat). Further as stated earlier, during 2019-20 the Company contributed towards promoting health care, rural development projects, education including special education for socially and economically backward groups and differently abled and towards livelihood enhancement projects for them. Also during the year the Company made contribution for promoting Sustainable Development Goals.

Principle 8: Businesses should support inclusive growth and equitable development

1. Does the Company have specified programmes/initiatives/projects in pursuit of the policy related to Principle 8? If yes, details thereof.

Your Company's CSR initiatives aim at skill development of mechanics and garage owners. Veedol Auto Mechanic Academy (VAMA) has been set up for imparting necessary training to the mechanics / garage owners. VAMA in collaboration with Tata Hitachi Construction Machinery Company Private Limited (Tata Hitachi) also imparts training for skill development of economically weaker and socially disadvantaged youths in the age group of 18-35 years in the courses in "Earth Moving Equipment". The Company contributed towards promoting health care, rural development projects, education including special education for socially and economically backward groups and differently abled and towards livelihood enhancement projects for them.

2. Are the programmes / projects undertaken through in-house team / own foundation / external NGO / government structures / any other organization?

A consultancy agency has been engaged to structure and review the scope of VAMA, from time to time. Training in "Earth Moving Equipment" is being provided in collaboration with Tata Hitachi. An existing in-house team is entrusted with the work of implementation of the CSR initiatives. The projects are undertaken pursuant to the approvals of the CSR Committee of the Board, which also oversees the utilizations thereof.

3. Have you done any impact assessment of your initiative?

Impact of CSR activities are assessed by the CSR Committee and the Board from time to time. Considering the scale of activities assessment by an independent body is not deemed justified.

4. What is your Company's direct contribution to community development projects – Amount in INR and the details of the projects undertaken.

VAMA initially was aimed at imparting training for four wheeler segment. Considering the increasing population of two and three wheelers and commuters thereof, it was felt that proper training need to be imparted to the garage owners and mechanics serving this sector as well. Training curriculums for two and three wheeler segments are being formulated.

In addition to the above, during the year the Company has also sponsored training of economically weaker and socially disadvantaged youths in the age group of 18-35 years in the courses in "Earth Moving Equipment" space, like Junior Excavator Operator and Junior Backhoe Operator with a view to empower them through acquisition of skills relevant to industry, leading to employment or entrepreneurship. Presently trainings are conducted at the plant of Tata Hitachi located at Kharagpur, West Bengal.

Necessary particulars in connection with contribution towards CSR activities are provided in the CSR Report forming part of this Annual Report, hence not repeated for the sake of brevity.

5. Have you taken steps to ensure that this community development initiative is successfully adopted by the community? Please explain in 50 words, or so.

VAMA has been successfully set up at Kolkata. VAMA has received accreditation from NSDC. A number of trainees have received industry placements. Ongoing trainings at the plant of Tata Hitachi will equip the marginalized youths with necessary skills relevant for the concerned industry. Further contributions are also made towards community development.

Principle 9: Businesses should engage with and provide value to their customers and consumers in a responsible manner

1. What percentage of customer complaints/consumer cases are pending as on the end of financial year.

INDEPENDENT AUDITORS REPORT

To the Members of Tide Water Oil Co. (India) Limited

Report on the Audit of the Standalone Financial Statements**Opinion**

1. We have audited the accompanying Standalone Financial Statements of Tide Water Oil Co. (India) Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to the Standalone Financial Statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the Standalone Financial Statements").
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Standalone Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its total comprehensive income (comprising of profit and other comprehensive income), its changes in equity and its cash flows for the year then ended.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matter

4. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Standalone Financial Statements of the current year. These matters were addressed in the context of our audit of the Standalone Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key Audit Matter	How our audit addressed the Key Audit Matter
<p>Assessment of carrying amount of equity investments in Veedol International Limited and Veedol UK Limited (earlier Price Thomas Holdings Limited), wholly-owned subsidiaries.</p> <p>(Refer to Note 2.8 "Investments in Subsidiaries and Joint Venture", Note 2.23 "Critical Estimates and Judgements - Impairment of Investments in Subsidiaries" and Note 4 "Investments").</p> <p>The Company carries its equity investments in subsidiaries at cost less provision for impairment, if any, and tests these for impairment where there is an indication that the carrying amount of investment may not be recoverable.</p> <p>The Company's equity investments in subsidiaries as at March 31, 2020 includes investments in the above mentioned wholly-owned subsidiaries aggregating to Rs. 152.55 Crores. The management has assessed the impairment to the carrying amount of these investments in view of their net-worth being less than the carrying amount of investments in those subsidiaries.</p> <p>For the said assessment, the management has estimated recoverable amount of the subsidiaries based on discounted cash flow forecast which requires judgements in respect of certain key inputs such as assumptions on growth rates, discount rates and the terminal growth rate. This has been considered as a key audit matter as the balance of aforesaid investment in subsidiaries is significant to the balance sheet and the determination of recoverable amount involves significant management judgement.</p>	<p>Our procedures included the following:</p> <ul style="list-style-type: none"> ● We obtained an understanding from the management, assessed and tested the design and operating effectiveness of the Company's key controls over the impairment assessment of its investments in subsidiaries; ● We evaluated appropriateness of the accounting policy of the Company in respect of impairment assessment of equity investments. ● We evaluated the Company's process regarding impairment assessment inter-alia by involving auditor's valuation experts to assist in assessing the appropriateness of the impairment model, assumptions underlying the estimate of future cash flows, the growth rate, discount rate and terminal value. ● We compared the previous year forecasts to actual during the year and considered the variation towards assessing the appropriateness of the projections. ● We checked the mathematical accuracy of the calculations. ● We performed sensitivity analysis over the assumptions and evaluated whether any reasonably foreseeable change in assumptions could lead to impairment. ● We evaluated the adequacy of the disclosures made in the Standalone Financial Statements. <p>Based on the above procedures performed, we did not identify any significant exceptions in the management's assessment in relation to the carrying amount of equity investments in the above mentioned wholly-owned subsidiaries</p>

Other Information

5. The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' Report, Corporate Governance Report and the related Annexures, but does not include the financial statements and our auditor's report thereon.
6. Our opinion on the Standalone Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.
7. In connection with our audit of the Standalone Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Standalone Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

8. The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these Standalone Financial Statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Standalone Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
9. In preparing the Standalone Financial Statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

10. Our objectives are to obtain reasonable assurance about whether the Standalone Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Standalone Financial Statements.
11. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Standalone Financial Statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Standalone Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Standalone Financial Statements, including the disclosures, and whether the Standalone Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
12. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 13. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 14. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Standalone Financial Statements of the current year and are therefore the Key Audit Matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

15. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure B a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
16. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and Statement of Cash Flows dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the aforesaid Standalone Financial Statements comply with the Accounting Standards specified under Section 133 of the Act.
 - (e) On the basis of the written representations received from the directors taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164(2) of the Act.
 - (f) With respect to the adequacy of the internal financial controls with reference to Standalone Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in Annexure A.
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Standalone Financial Statements - Refer Note 34 to the Standalone Financial Statements;
 - ii. The Company has long-term contracts as at March 31, 2020 for which there were no material foreseeable losses. The Company did not have any derivative contracts as at March 31, 2020.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2020.
 - iv. The reporting on disclosures relating to Specified Bank Notes is not applicable to the Company for the year ended March 31, 2020.
17. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

Annexure A to Independent Auditors' Report

Referred to in paragraph 16(f) of the Independent Auditors' Report of even date to the members of Tide Water Oil Co. (India) Limited on the Standalone Financial Statements as of and for the year ended March 31, 2020.

Report on the Internal Financial Controls with reference to Standalone Financial Statements under Clause (i) of Sub-section 3 of Section 143 of the Act.

1. We have audited the internal financial controls with reference to Standalone Financial Statements of Tide Water Oil Co. (India) Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the Standalone Financial Statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to Standalone Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Standalone Financial Statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Standalone Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Standalone Financial Statements included obtaining an understanding of internal financial controls with reference to Standalone Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to Standalone Financial Statements.

Meaning of Internal Financial Controls with reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles.

A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree

of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to Standalone Financial Statements and such internal financial controls with reference to Standalone Financial Statements were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure B to Independent Auditors' Report

Referred to in paragraph 15 of the Independent Auditors' Report of even date to the members of Tide Water Oil Co. (India) Limited on the Standalone Financial Statements as of and for the year ended March 31, 2020.

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
- (b) The fixed assets are physically verified by the Management according to a phased programme designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.
- (c) The title deeds of immovable properties, as disclosed in Note 3.1 on Property, Plant and Equipment to the Standalone Financial Statements, are held in the name of the Company.
- ii. The physical verification of inventory (excluding stocks with third parties) have been conducted at reasonable intervals by the Management during the year. In respect of inventory lying with third parties, these have substantially been confirmed by them. The discrepancies noticed on physical verification of inventory as compared to book records were not material.
- iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii), (iii)(a), (iii)(b) and (iii)(c) of the said Order are not applicable to the Company.
- iv. In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013 in respect of the loans and investments made, and guarantees and security provided by it, as applicable.
- v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.
- vi. Pursuant to the rules made by the Central Government of India, the Company is required to maintain cost records as specified under Section 148(1) of the Act in respect of its products. We have broadly reviewed the same, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of professional tax and income tax, though there has been a slight delay in a few cases, and is regular in depositing undisputed statutory dues, including provident fund, employees' state insurance, sales tax, service tax, duty of customs, duty of excise, value added tax, cess, goods and services tax and other material statutory dues, as applicable, with the appropriate authorities. Further, for the period March 1, 2020

to March 31, 2020, the Company has paid goods and services tax and filed Form GSTR-3B after the due date but within the timelines allowed by Central Board of Indirect Taxes and Customs under the Notification No. 31/2020 dated April 3, 2020 on fulfilment of conditions specified therein.

- (b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of income tax, service tax, duty of customs and goods and services tax as at March 31, 2020 which have not been deposited on account of any dispute. The particulars of dues of sales tax, duty of excise and value added tax as at March 31, 2020 which have not been deposited on account of a dispute, are as follows:

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

1 Company Background

Tide Water Oil Co. (India) Limited (the 'Company') is a public limited company, incorporated and domiciled in India. The equity shares of the Company are listed on the National Stock Exchange of India Limited and the BSE Limited. The registered office of the Company is located at 'Yule House', 8 Dr. Rajendra Prasad Sarani, Kolkata - 700 001, West Bengal, India.

The Company is mainly engaged in the business of manufacturing and marketing of lubricants.

The standalone financial statements were approved and authorised for issue in accordance with the resolution of the Company's Board of Directors on 24th June, 2020.

2 Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of the standalone financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of Preparation

(i) Compliance with Indian Accounting Standards (Ind AS)

The standalone financial statements comply in all material respects with Ind AS notified under Section 133 of the Companies Act, 2013 (the 'Act') [Companies (Indian Accounting Standards) Rules, 2015] and other provisions of the Act.

(ii) Historical Cost Convention

The standalone financial statements have been prepared on a historical cost basis, except for the following:

-Certain financial assets and liabilities that is measured at fair value.

-Defined benefit plans - plan assets measured at fair value.

(iii) Current Versus Non-current Classification

The Company presents assets and liabilities in the Balance Sheet based on current/non-current classification.

An asset is classified as current when it is:

a) expected to be realised or intended to be sold or consumed in the normal operating cycle,

b) held primarily for the purpose of trading,

c) expected to be realised within twelve months after the reporting period, or

d) cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

a) it is expected to be settled in the normal operating cycle,

b) it is held primarily for the purpose of trading,

c) it is due to be settled within twelve months after the reporting period, or

d) there is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current.

(iv) Rounding of Amounts

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest crores and decimals thereof as per the requirement of Schedule III to the Act, unless otherwise stated.

2.2 Property, Plant and Equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020Transition to Ind AS

On transition to Ind AS, the Company had elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1st April, 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of property, plant and equipment.

Depreciation Method, Estimated Useful Lives and Residual Values

Depreciation is calculated on a pro-rata basis using the straight-line method to allocate their cost, net of their estimated residual values, over their estimated useful lives in accordance with Schedule II to the Act, except in respect of certain laboratory equipments. Each component of an item of property, plant and equipment with a cost that is significant in relation to the cost of that item is depreciated separately if its useful life differs from the other components of the item.

Estimated useful lives of the property, plant and equipment as estimated by the management are as follows:

Buildings	- 30 to 60 Years
Plant and Equipments	- 15 Years
Furniture and Fixtures	- 10 Years
Office Equipments	- 5 Years
Servers and Networks	- 6 Years
Desktop/Laptop, etc	- 3 Years
Electrical Installation	- 10 Years
Laboratory Equipments	- 8 to 10 Years
Vehicles	- 8 Years
Windmill	- 22 Years

Till 31st March, 2019 Leasehold Lands are amortised on straight - line basis over the primary lease period or their respective useful lives, whichever is shorter.

The useful lives, residual values and the method of depreciation of property, plant and equipment are reviewed, and adjusted if appropriate, on annual basis.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within 'Other Income'/'Other Expenses'.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as 'Capital Advances' under other non-current assets and the cost of property, plant and equipment not ready to use are disclosed under 'Capital Work-in-progress'.

2.3 Intangible Assets

Intangible assets have a finite useful life and are stated at cost less accumulated amortisation and accumulated impairment losses, if any.

Computer Software

Computer Software for internal use, which is primarily acquired from third-party vendors is capitalised. Subsequent costs associated with maintaining such software are recognised as expense as incurred. Cost of software includes license fees and cost of implementation/system integration services, where applicable.

Amortisation Method and Period

Computer Software are amortised on a pro-rata basis using the straight-line method over their estimated useful life of 3 years, from the date they are available for use. Amortisation method and useful lives are reviewed periodically including at each financial year end.

Research and Development

Research costs are expensed as incurred. Expenditure on development that do not meet the specified criteria under Ind AS 38 on 'Intangible assets' are recognised as an expense as incurred.

Transition to Ind AS

On transition to Ind AS, the Company had elected to continue with the carrying value of all of its intangible assets recognised as at 1st April, 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

2.4 Investment Properties

Properties that are held for long-term rental yields or for capital appreciation or both, and that are not occupied

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

by the Company, are classified as Investment Properties. Investment Properties are measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

Depreciation on Investment Properties are calculated on a straight-line basis using the rate arrived at based on the useful life estimated by the management. The estimated useful life of investment properties (buildings) as estimated by the Management is 60 years.

On disposal of an Investment Property, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

Transition to Ind AS

On transition to Ind AS, the Company had elected to continue with the carrying value of all of its investment properties recognised as at 1st April, 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of investment properties.

2.5 Impairment of Non-financial Assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units).

2.6 Inventories

Inventories are stated at the lower of cost and net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost. Cost of inventories comprises cost of purchases and all other costs incurred in bringing the inventories to their present location and condition. Cost of finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Costs are assigned to individual items of inventory on weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

2.7 Leases

Till 31st March, 2019

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

As a Lessee

Leases of property, plant and equipment where the Company, as a lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased asset or, if lower, the present value of the minimum lease payments. The corresponding lease rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020As a Lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the Balance Sheet based on their nature.

Effective 1st April, 2019

As a Lessee

The Company assesses whether a contract is or contains a lease, at inception of the contract. The Company recognises a right-of-use asset and a corresponding lease liability with respect to all lease agreements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed. Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable
- variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date
- amounts expected to be payable by the Company under residual value guarantees
- the exercise price of a purchase option if the Company is reasonably certain to exercise that option, and
- payments of penalties for terminating the lease, if the lease term reflects the Company exercising that option.

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Company, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Company uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk, for leases held by the Company, which does not have recent third-party financing and make adjustments specific to the lease e.g. term, country, etc.

Lease payments are allocated between principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period. The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset.

Payments associated with short-term leases of offices, depots and storage tanks and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

As a Lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying asset and recognised as expense over the lease term on the same basis as lease income. The respective leased assets are included in the balance sheet based on their nature. The Company did not need to make any adjustments to the accounting for assets held as lessor as a result of adopting the new leasing standard.

2.8 Investments in Subsidiaries and Joint Venture

Investments in subsidiaries and joint venture are carried at cost less provision for impairment, if any. Investments

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

in subsidiaries are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the carrying amount of investments exceeds its recoverable amount.

Transition to Ind AS

On transition to Ind AS, the Company had elected to measure its investments in subsidiaries and joint venture at its previous GAAP carrying value and use those values as the deemed cost of such investments.

2.9 Investments (Other than Investments in Subsidiaries and Joint Venture) and Other Financial Assets

(i) Classification

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss), and
- those to be measured at amortised cost.

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Company reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt Instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Company classifies its debt instruments:

•**Amortised Cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired.

•**Fair Value through Other Comprehensive Income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in the profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in 'Other Income'/'Other Expenses'. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

•**Fair Value through Profit or Loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt instrument that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the Statement of Profit and Loss within 'Other Income'/'Other Expenses' in the year in which it arises.

Equity Instruments

The Company subsequently measures all equity investments (other than investments in subsidiaries and joint venture) at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Changes in the fair value of financial assets at fair value through profit or loss are

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

recognised in 'Other Income'/'Other Expenses' in the Statement of Profit and Loss.

(iii) Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 43(A) details how the Company determines whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109, 'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(iv) Derecognition of Financial Assets

A financial asset is derecognised only when

- the Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(v) Income RecognitionInterest Income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

(vi) Fair Value of Financial Instruments

In determining the fair value of financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis and available quoted market prices. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

2.10 Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

2.11 Trade Receivables

Trade receivables are amounts due from customers for goods sold or services rendered in the ordinary course of business. Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

2.12 Cash and Cash Equivalents

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

2.13 Trade Payables and Other Financial Liabilities

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 60 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

Other financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Other financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest rate method. A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

2.14 Revenue Recognition

Sale of Products

The Company manufactures and sells Lubricant Oils and Greases. Sales are recognised when control of the products has been transferred, being when the products are delivered to the customer. Delivery occurs when the products have been shipped or delivered to the specific location as the case may be, the risks of loss have been transferred, and either the customer has accepted the products in accordance with the sales contract, or the Company has objective evidence that all criteria for acceptance have been satisfied. No element of financing is deemed present as the sales are made with a credit term which is consistent with market practice.

Revenue from these sales is recognised based on the terms of the contract, net of estimated schemes outflows. Accumulated experience is used to estimate and provide for the liability of scheme outflows, using the most likely method, and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur. A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

The Company does not have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Company does not adjust any of the transaction prices for the time value of money.

Sale of Power

Revenue from the sale of power is recognised based on the units as transmitted to customer, as per the terms of contract with the customer.

2.15 Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred.

2.16 Foreign Currency Transactions and Translation

(i) Functional and Presentation Currency

Items included in the standalone financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The standalone financial statements are presented in Indian Rupee (Rupees or Rs.), which is the Company's functional and presentation currency.

(ii) Transactions and Balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. At the year-end, monetary assets and liabilities denominated in foreign currencies are restated at the year-end exchange rates. The exchange differences arising from settlement of foreign currency transactions and from the year-end restatement are recognised in profit and loss.

Foreign exchange differences regarded as an adjustment to borrowing costs, if any, are presented in the Statement of Profit and Loss, within 'Finance Costs'. All other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within 'Other Income'/'Other Expenses'.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

2.17 Employee Benefits**(i) Short-term Employee Benefits**

Liabilities for short-term employee benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Post-employment BenefitsDefined Benefit Plans

The liability or asset recognised in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in 'Employee Benefits Expense' in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. These are included in 'Retained Earnings' in the Statement of Changes in Equity.

Defined Contribution Plans

Contributions under defined contribution plans payable in keeping with the related schemes are recognised as expenses for the period in which the employee has rendered the service.

(iii) Other Long-term Employee Benefits

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured annually by actuaries as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented under 'Provisions' (current) in the Balance Sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

2.18 Income Tax

The income tax expense for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, unused tax credits and to unused tax losses.

The current tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the standalone financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

deferred tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences, tax credits and losses.

The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity, if any. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.19 Provisions and Contingencies

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

A disclosure for contingent liabilities is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of the amount cannot be made.

2.20 Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the Company, on or before the end of the reporting period but not distributed at the end of the reporting period.

2.21 Earnings Per Share

(i) Basic Earnings Per Share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year excluding treasury shares

(ii) Diluted Earnings Per Share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

2.22 Critical Estimates and Judgements

The preparation of the standalone financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these standalone financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each Balance Sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the standalone financial statements.

The areas involving critical estimates or judgements are:

• **Employee Benefits (Estimation of Defined Benefit Obligation) — Notes 2.17 and 41**

Post-employment benefits represent obligations that will be settled in the future and require assumptions to project benefit obligations. Post-employment benefit accounting is intended to reflect the recognition of future benefit costs over the employee's approximate service period, based on the terms of the plans and the investment and funding decisions made. The accounting requires the Company to make assumptions regarding variables such as discount rate and salary growth rate. Changes in these key assumptions can have a significant impact on the defined benefit obligations.

• **Impairment of Trade Receivables — Notes 2.9(iii) and 43(A)**

The risk of uncollectibility of trade receivables is primarily estimated based on prior experience with, and the past due status of, doubtful debtors, based on factors that include ability to pay, bankruptcy and payment history. The assumptions and estimates applied for determining the provision for impairment are reviewed periodically.

• **Estimation of Expected Useful Lives of Property, Plant and Equipment — Notes 2.2 and 3**

Management reviews its estimate of the useful lives of property, plant and equipment at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of property, plant and equipment.

• **Contingencies — Notes 2.19 and 34**

Legal proceedings covering some of the matters are pending against the Company. Due to the uncertainty inherent in such matters, it is often difficult to predict the final outcome. The cases and claims against the Company often raise difficult and complex factual and legal issues that are subject to many uncertainties and complexities, including but not limited to the facts and circumstances of each particular case/claim, the jurisdiction and the differences in applicable law. In the normal course of business, the Company consults with legal counsel and other experts on matters related to litigations. The Company accrues a liability when it is determined that an adverse outcome is probable and the amount of the loss can be reasonably estimated. In the event an adverse outcome is possible or an estimate is not determinable, the matter is disclosed.

• **Impairment of Investments in Subsidiaries — Notes 2.8 and 4**

Determining whether the investments in subsidiaries are impaired requires an estimate of the value in use of investments. In considering the value in use, the management anticipates the future commodity prices, capacity utilisation of plan, operating margins, growth rates, discount rates and other factors of the underlying businesses / operations of the subsidiaries.

• **Fair Value Measurements — Notes 2.9(vi) and 42**

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair values are measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.

• **Accounting for Sale of Products as per Franchise Agreement**

The Company, inter alia, is engaged in the manufacturing of the Eneos brand of products as per the Franchise Agreement of September 24, 2014 with JX Nippon TWO Lubricants India Private Limited [a 50:50 joint venture between the Company and JXTG Nippon Oil and Energy Corporation (formerly known as JX Nippon Oil & Energy Corporation)] (the 'Arrangement').

The Company is responsible for / carries out the manufacturing, marketing and selling of the Eneos brand of products and also bears the inventory risk. Based on the actual execution as aforesaid, the Company is the primary obligor and accordingly the management has determined that it acts as a Principal in substance under the aforesaid Arrangement and recognises the gross revenue, which is reflected in these standalone financial statements.

The Company obtains independent valuations for its investment properties at least annually. The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the Company considers the current prices in an active market for properties of different nature or recent prices of similar properties in less active market, adjusted to reflect those differences.	12.15	8.98
The fair values of investment properties have been determined by accredited independent valuers, who hold recognised and relevant professional qualifications. Securities premium is used to record premium received on issue of shares. The reserve may be utilised in accordance with the provisions of the Act.

General Reserve

Under the erstwhile Companies Act 1956, a general reserve was created through an annual transfer of net profits at a specified percentage in accordance with applicable regulations. Consequent to the introduction of the Act, the requirement to mandatory transfer a specified percentage of net profit to general reserve has been withdrawn though the Company may transfer such percentage of its profits for the financial year as it may consider appropriate. Declaration of dividends out of such reserve shall not be made except in accordance with rules prescribed in this behalf under the Act.

Total cash outflow for leases (other than short term and variable leases) for the year ended 31st March, 2020 was Rs. 0.52 crores.		
(ii) Extension and Termination options		
Extension and Termination options are included in a number of buildings and depot leases across the Company. These are used to maximise operational flexibility in terms of managing the assets used in the Company's operations. The majority of extension and termination options held are exercisable on mutual consent between the Company and the respective lessor.		

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

(All amounts in Rs. Crores, unless otherwise stated)

Particulars	Year ended 31st March, 2020	Year ended 31st March, 2019
Critical judgements in determining the lease term In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated). For leases of offices, depots and storage tanks, the following factors are normally the most relevant: <ul style="list-style-type: none"> • If there are significant penalties to terminate (or not extend), the Company is typically reasonably certain to extend (or not terminate). • If any leasehold improvements are expected to have a significant remaining value, the Company is typically reasonably certain to extend (or not terminate). • Otherwise, the Company considers other factors including historical lease durations and the costs and business disruption required to replace the leased asset. As at 31st March 2020, potential future cash outflows of Rs. 2.28 crores (undiscounted) have not been included in the lease liability because it is not reasonably certain that the leases will be extended (or not terminated). The lease term is reassessed if an option is actually exercised (or not exercised) or the Company becomes obliged to exercise (or not exercise) it. The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and that is within the control of the lessee. During the current financial year, no extension or termination options in lease agreements were exercised.		
Company as Lessor The Company has leased out certain buildings on operating leases. The lease term is for 1-5 years and thereafter renewable. There is escalation clause in the lease agreements. The rent is not based on any contingencies. There are no restrictions imposed by lease arrangements. The leases are cancellable. Lease payments received for the year (Recognised as Rent Income in Note 22)	0.38	0.35

Note 37**CHANGES IN ACCOUNTING POLICIES****Impact on the financial statements – Lessee**

The Company has adopted Ind AS 116 retrospectively from 1st April, 2019, but has not restated comparatives for year ended 31st March 2019, as permitted under the specific transition provisions in the standard. The reclassifications and the adjustments arising from the new leasing rules are therefore recognised in the opening balance sheet on 1st April, 2019. The new accounting policies are disclosed in note 2.7.

(i) Practical expedients applied

In applying Ind AS 116 for the first time, the Company has used the following practical expedients permitted by the standard:

- accounting for operating leases with a remaining lease term of less than 12 months as at 1st April, 2019 as short-term leases, and
- using hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

(ii) Measurement of Lease Liabilities

There were no lease liabilities recognized as on the transition date as there were no contracts qualifying as leases as per the provisions of Ind AS 116 as on 1st April, 2019.

(iii) Measurement of Right-of-use Assets

Prepaid payments with respect to Leasehold Land has been reclassified under Right-of-Use Assets, which were measured on a retrospective basis as if the new rules had always been applied. There were no other contracts qualifying as leases as per Ind AS 116 as on 1st April, 2019.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

(All amounts in Rs. Crores, unless otherwise stated)

(iv) Adjustments recognised in the Balance Sheet on 1st April, 2019

The change in accounting policy affected the following items in the Balance Sheet on 1st April, 2019:

Particulars	As at 1st April, 2019
Increase in Right-of-use Assets	1.86
Decrease in Property, Plant & Equipment	1.86

Impact on the financial statements – Lessor

The Company did not need to make any adjustments to the accounting for assets held as lessor under operating leases as a result of the adoption of Ind AS 116.

Note 41**EMPLOYEE BENEFITS:****(I) Post Employment Obligations - Defined Contribution Plans**

The Company has certain Defined Contribution Plans viz. Provident Fund and Superannuation Fund. Contributions are made to Provident Fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered Employees' Provident Fund Organisation (EPFO) administered by the

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

government. Contributions to Superannuation Fund are made at a rate not exceeding 4.87% of Basic and Dearness Allowance of the members of superannuation plan. The obligation of the Company is limited to the amount contributed and it has no further contractual nor any constructive obligation.

During the year, an amount of Rs. 4.80 Crores (Previous Year: Rs. 4.42 Crores) has been recognised as expenditure towards defined contribution plans of the Company.

(II) Post Employment Obligations - Defined Benefit Plans**(A) Gratuity (funded)**

The Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees as per Payment of Gratuity Act, 1972. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount as per Payment of Gratuity Act, 1972 (as amended). Vesting occurs upon completion of five years of service. The plan is being managed by a separate Trust created for the purpose and obligations of the Company is to make contribution to the Trust based on actuarial valuation. Liabilities with regard to the Gratuity Plan are determined by actuarial valuation as set out in Note 2.17(ii), based upon which, the Company makes contribution to the Employees' Gratuity Fund.

(B) Post-retirement Medical Scheme

Under this scheme, certain categories of employees of the Company get medical benefits subject to certain limits of amount and types of benefits depending on their grade at the time of retirement. The liability for post-retirement medical scheme is determined on the basis of year-end actuarial valuation. The scheme is unfunded.

The following table sets forth the particulars in respect of the Gratuity Plan (Funded) and Medical (Unfunded) of the Company for the years ended 31st March 2020 and 31st March 2019:

(k) Sensitivity Analysis

Particulars	Impact on Defined Benefit Obligation with Discount Rate				Impact on Defined Benefit Obligation with Salary Escalation			
	Change in Assumption	Change in Impact	31st March, 2020	31st March, 2019	Change in Assumption	Change in Impact	31st March, 2020	31st March, 2019

	Decrease by 0.25%	Increase by	0.40	0.30	Decrease by 1%	Decrease by	0.01	0.10

* Amount is below the rounding off norm adopted by the Company.

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance Sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous year.

(I) Expected Contribution to Post-Employment Benefit Plan (Gratuity) in the next twelve months are Rs. 4.44 Crores (Previous Year: Rs. 2.46 Crores).

(III) Leave Obligations

The Company provides for encashment of leave or leave with pay by certain categories of its employees subject to certain rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment. The Company records a provision for leave obligations in the year in which the employee renders the services that increases this entitlement.

(IV) Risk Exposure

The Company is exposed to a number of risks through the defined benefit plans. The most significant of which are detailed below:-

Investment Risk:

The defined benefit plans are funded with Life Insurance Corporation of India (LIC). The Company does not have any liberty to manage the funds provided to LIC. The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to the Government of India bonds. If the return on plan asset is below this rate, it will create a plan deficit.

Discount Rate Risk

The Company is exposed to the risk of fall in discount rate. A fall in discount rate will eventually increase the ultimate cost of providing the above benefit thereby increasing the value of the liability.

Demographic Risk:

In the valuation of the liability, certain demographic (mortality and attrition rates) assumptions are made. The Company is exposed to this risk to the extent of actual experience eventually being worse compared to the assumptions thereby causing an increase in the benefit cost.

Salary Growth Risk:

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability.

^ The Company has made an irrevocable election at date of transition to recognise changes in fair value of investments in equity securities which are not held for trading through OCI rather than profit or loss as the management believes that presenting fair value gains and losses relating to these investments in the Statement of Profit and Loss may not be indicative of the performance of the Company.

(i) Fair Value Hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the standalone financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under Ind AS. An explanation of each level follows below.

Level 1

Quoted prices in an active market (level 1): This level of hierarchy includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2

Valuation techniques with observable inputs (level 2): This level of hierarchy includes financial assets and liabilities, measured using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3

Valuation techniques with significant unobservable inputs (level 3): This level of hierarchy includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. This level

(All amounts in Rs. Crores, unless otherwise stated)

of hierarchy includes Company's investments in equity shares which are unquoted or for which quoted prices are not available at the reporting dates.

(ii) Valuation Technique Used to Determine Fair Value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

(iii) Fair Value Measurements using Significant Unobservable Inputs (Level 3)

Note 43**FINANCIAL RISK MANAGEMENT**

The Company's activities expose it to market risk, liquidity risk and credit risk. In order to minimize effects of the identified risks, various arrangements are entered into by the Company. The following table explains the sources of risk and how the Company manages the risk in its financial statements.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash Equivalents with Banks, Trade Receivables, Financial Assets measured at Amortised Cost	Ageing analysis and credit analysis	Credit limits and letters of credit
Liquidity Risk	Financial Liabilities	Cash flow forecasts	Credit facilities
Market Risk – Foreign Exchange	Recognised Financial Assets and Liabilities not denominated in Indian Rupee (INR)	Cash flow forecasts	Monitoring of currency movements
Market Risk – Commodity Prices	Variable Commodity Prices	Price trend	Price monitoring, sourcing policies

A) Credit Risk

The Company takes on exposure to credit risk, which is the risk that counterparty will default on its contractual obligations resulting in financial loss to the Company. Credit risk arises from cash equivalents with banks, investments carried at amortised cost, deposit with banks as well as credit exposure to customers and other parties. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 42.

Customer credit risk is managed by the Company through established policy and procedures and control relating to customer credit risk management. Trade receivables are non-interest bearing. The Company has a detailed review mechanism of overdue customer receivables at various levels within organisation to ensure proper attention and focus for realisation. Trade receivables are consisting of a large number of customers. Where credit risk is high, trade receivables are backed by security deposits.

The Company uses specific identification method in determining the allowances for credit losses of trade receivables considering historical credit loss experience and is adjusted for forward looking information. Receivables are deemed to be past due or impaired with reference to the Company's normal terms and conditions of business. These terms and conditions are determined on a case to case basis with reference to the customer's credit quality and prevailing market conditions.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

(All amounts in Rs. Crores, unless otherwise stated)

Credit risk from balances with banks, deposits, etc is managed by the Company's finance department. Investments of surplus funds are made only with approved counterparties in accordance with the Company's policy. None of the Company's cash equivalents with banks, deposits, investments and other receivables were past due or impaired as at 31st March, 2020 and 31st March, 2019.

B) Liquidity Risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

Prudent risk liquidity management implies maintaining sufficient cash and cash equivalents and the availability of committed credit facilities to meet obligations when due.

Management monitors rolling forecasts of the group's liquidity position on the basis of expected cash flow. The Company has access to the following undrawn borrowing facilities at the end of the reporting period:

Particulars	Year ended 31st March, 2020	Year ended 31st March, 2019
Bank Overdraft	54.50	54.50
Letter of Credit	47.50	47.50

Bank overdraft facilities may be drawn at any time and may be terminated by the bank without notice.

The following table gives the contractual discounted cash flows following due within the time brackets as given below.

Total	177.54	20.21	-	197.75

^ Based on the maximum amount that can be called for under the financial guarantee contracts.

C) Market Risk**i) Foreign Currency Risk**

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primarily with regard to USD. Foreign exchange risk arises from future commercial transactions and recognized assets and liabilities denominated in a currency that is not the Company's functional currency (INR). As per the risk management policy, the gross currency movements are continually monitored. As the total exposure through currency risk directly is not material, generally forward contracts are not entered into on a regular basis.

a) The Company's exposure to foreign currency risk (unhedged) at the end of the reporting period expressed in INR is follows:

Particulars	As at 31st March, 2020			As at 31st March, 2019	
	USD	EURO	GBP	USD	GBP
Financial Assets					
Trade Receivables	1.47	-	-	1.00	-

INR/GBP-Decrease by 7% #	0.01	0.01

* Amounts are below the rounding off norm adopted by the Company

Holding all other variables constant

ii) Commodity Price Risk

The Company's exposure to market risk with respect to commodity prices primarily arises from the fact that it is a purchaser of base oil. Base oil is a commodity product whose prices can fluctuate sharply over short periods of time.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

(All amounts in Rs. Crores, unless otherwise stated)

The prices of base oil generally fluctuate in line with commodity cycles. Material purchase forms the largest portion of the Company's operating expenses. The Company evaluates and manages commodity price risk exposure through operating procedures and sourcing policies. The Company has not entered into any commodity derivative contracts. It may also be noted that there are no direct derivatives available for base oil, but there are derivatives for crude oil.

Note 44**CAPITAL MANAGEMENT****(A) Risk Management**

The Company's objectives when managing capital are to:

- Safeguard their ability to continue as a going concern
- Maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares. As on the reporting date, the Company is debt free and it is not subject to any externally imposed capital requirements.

No changes were made to the objectives, policies or processes for managing capital during the years ended 31st March, 2020 and 31st March, 2019.

Note 45**TIDE WATER OIL COMPANY (INDIA) LIMITED EMPLOYEE BENEFIT TRUST ('EMPLOYEE BENEFIT TRUST')**

The Company had instituted Tide Water Oil Co. (India) Ltd. Employee Welfare Scheme as approved by shareholders vide postal ballot dated 2nd March, 2011. Subsequent to promulgation of Securities Exchange Board of India (Share Based Employee Benefits Regulations), 2014, the shareholders vide their postal ballot resolution dated 14th January, 2016, aligned the provisions of the aforesaid scheme with that of the said regulations. The scheme had also been rechristened as Tide Water Oil Company (India) Limited Employee Benefit Scheme. No option has been granted during the year, under this scheme.

The scheme continues to be administered by an independent Trust viz., Tide Water Oil Company (India) Limited Employee Benefit Trust [erstwhile Tide Water Oil Co. (India) Ltd. Employee Welfare Trust]. The objective of the trust is acquiring shares from the secondary market and implementing the aforesaid scheme for benefit of the employees of the Company.

NOTES TO STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

(All amounts in Rs. Crores, unless otherwise stated)

The Company had provided a loan to Employee Benefit Trust for purchasing shares of the Company, of which balance outstanding as at 31st March, 2020 was Rs. 8.96 Crores (Previous Year: Rs. 9.58 Crores), net of Rs. 0.04 Crores (Previous Year: Rs. 0.04 Crores) representing face value of 85,828 equity shares held by them as at 31st March, 2020 (Previous Year: 85,828 equity shares).

Note 46**SEGMENT INFORMATION**

The Company's reportable business segment consists of a single segment of "Lubricants" in terms of Ind AS 108.

Entity-wide Disclosures:-

(i) The Company is domiciled in India. The amount of its revenue from external customers broken down by location of the customers is shown below:

	Year ended 31st March, 2020	Year ended 31st March, 2019
India	1,107.44	1,174.85
Rest of the world	19.84	18.49
Total	1,127.28	1,193.34

(ii) All non-current assets of the Company (excluding Financial Assets) are located in India.

(iii) No customer individually accounted for more than 10% of the revenues from external customers during the years ended 31st March, 2020 and 31st March, 2019.

Note 47**IMPACT OF COVID- 19**

The Company is in the business of manufacturing and distributing lubricant oils. The Management estimates the demand for the Company's products to be lower in the short term but is not likely to have a continuing impact on the business of the Company.

The impact of the government imposed nation-wide lock down due to the Covid-19 pandemic was temporary as requisite approvals have been obtained by the Company during the end of April 2020 through May 2020 to resume its manufacturing operations across its plants. As a result of this lock down / restrictions, production in the Company's plants could not be carried out from March 23, 2020 till these approvals were obtained and consequently impacted sales and other operations. The current economic environment could temporarily result in a lower demand in FY'21 vis-a-vis FY'20. The Company has gradually ramped up its production from May / June 2020 and in view of the management, a steady increase in operational levels is expected. In light of the above, inter alia, considering the internal and external factors, the Company has made detailed assessment of its liquidity position including its cash flows, business outlook and of the recoverability and the carrying value / amount of property, plant and equipment, investment properties, intangible assets, right-of-use assets, receivables, inventories, investments and other assets as at the balance sheet date and has concluded that no material adjustments are required in these standalone financial statements.

Independent Auditors Report-

To the Members of Tide Water Oil Co. (India) Limited

Report on the Audit of the Consolidated Financial Statements**Qualified Opinion**

1. We have audited the accompanying Consolidated Financial Statements of Tide Water Oil Co. (India) Limited (hereinafter referred to as the "Holding Company") and its subsidiaries (Holding Company and its subsidiaries together referred to as "the Group"), and its joint venture (refer Note 1 to the attached Consolidated Financial Statements), which comprise the Consolidated Balance Sheet as at March 31, 2020, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year then ended, and notes to the Consolidated Financial Statements, including a summary of significant accounting policies and other explanatory information prepared based on the relevant records (hereinafter referred to as "the Consolidated Financial Statements").
2. In our opinion and to the best of our information and according to the explanations given to us, except for the indeterminate impact of the adjustments that may have arisen had an audit been carried out of the entity referred to in the Basis for Qualified Opinion section below, the aforesaid Consolidated Financial Statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group and its joint venture as at March 31, 2020, its consolidated total comprehensive income (comprising of profit and other comprehensive income), its consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis for Qualified Opinion

3. The Consolidated Financial Statements include the Group's share of total comprehensive income (comprising of profit and other comprehensive income) of Rs. 15.67 crores for the year ended March 31, 2020 and Group's share of net assets of Rs. 75.64 crores as at March 31, 2020 in respect of one joint venture, which is unaudited and have been furnished to us by the Management. In our opinion and according to the information and explanations given to us by the Management, these financial statements/financial information are material to the Consolidated Financial Statements. The impact of adjustments, if any, had an audit been carried out of the financial statements/financial information of the joint venture as at and for the year ended March 31, 2020, is unascertainable.
4. We conducted our audit in accordance with the Standards on Auditing (SAs) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group and its joint venture in accordance with the ethical requirements that are relevant to our audit of the Consolidated Financial Statements in India in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in sub-paragraph 17 of the Other Matters paragraph below, other than the unaudited financial statements/financial information as certified by the Management and referred to in sub-paragraphs 18 and 19 of the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our qualified opinion.

Key Audit Matter

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the Consolidated Financial Statements of the current year. These matters were addressed in the context of our audit of the Consolidated Financial Statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. In addition to the matter described in the Basis for Qualified Opinion section, we have determined the matter described below to be the key audit matter to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
<p>Assessment of carrying amount of goodwill related to the acquisition of Veedol Internatdional Limited and Veedol UK Limited (earlier Price Thomas Holdings Limited), wholly-owned subsidiaries.</p> <p>(Refer to Note 2.2(iii) "Goodwill Arising on Consolidation", Note 2.23 "Critical Estimates and Judgements - Impairment of Goodwill", Note 4.4 "Intangible Assets" - Goodwill and Note 49 "Impairment Tests for Goodwill").</p> <p>The Group has a goodwill balance of Rs. 120.55 Crores as at March 31, 2020 which relates to the above-mentioned wholly-owned subsidiaries. The Group carries Goodwill at cost less impairment losses, if any and tests the same for impairment at least annually or when events occur which indicate that the recoverable amount of the Cash Generating Unit is less than the carrying amount of Goodwill.</p> <p>The Group has identified each of the subsidiaries as a separate Cash Generating Unit ("CGU") for the purpose of impairment assessment and has estimated their recoverable amount based on discounted cash flows forecast of the CGUs which requires judgement in respect of certain key inputs such as assumptions on growth rates, discount rates and terminal growth rate.</p> <p>This has been determined to be a key audit matter as the balance is significant to the consolidated balance sheet and determination of recoverable amount involves significant management judgement.</p>	<p>Our procedures included the following:</p> <ul style="list-style-type: none"> ● We obtained an understanding from the management, assessed and tested the design and operating effectiveness of the Holding Company's key controls over the impairment assessment of goodwill; ● We evaluated the appropriateness of the Group's accounting policy in respect of impairment assessment of Goodwill. ● We evaluated the Holding Company's impairment assessment inter-alia by involving auditor's valuation experts to assist in assessing the appropriateness of the impairment model, assumptions underlying the estimate of future cash flows, the growth rate, discount rate and terminal value. ● We compared the previous year forecasts to actual during the year and considered the variation towards assessing the appropriateness of the projections. ● We checked the mathematical accuracy of the calculations. ● We performed sensitivity analysis over the assumptions and evaluated whether any reasonably foreseeable change in assumptions could lead to impairment. ● We evaluated the adequacy of the disclosures made in the Consolidated Financial Statements. <p>Based on the above procedures performed, we did not identify any significant exceptions in the management's assessment of the carrying amount of goodwill related to the above mentioned wholly- owned subsidiaries.</p>

Other Information

6. The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors' Report, Corporate Governance Report and the related Annexures, but does not include the Consolidated Financial Statements and our auditor's report thereon.
7. Our opinion on the Consolidated Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.
8. In connection with our audit of the Consolidated Financial Statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the Consolidated Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed and the reports of the other auditors as furnished to us by the Management (refer paragraph 17 below), we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

9. The Holding Company's Board of Directors is responsible for the preparation and presentation of these Consolidated Financial Statements in term of the requirements of the Act that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows, and changes in equity of the Group including its joint venture in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the companies included in the Group and of its joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting

policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the Consolidated Financial Statements by the Directors of the Holding Company, as aforesaid.

10. In preparing the Consolidated Financial Statements, the respective Board of Directors of the companies included in the Group and of its joint venture are responsible for assessing the ability of the Group and of its joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
11. The respective Board of Directors of the companies included in the Group and of its joint venture are responsible for overseeing the financial reporting process of the Group and of its joint venture.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

12. Our objectives are to obtain reasonable assurance about whether the Consolidated Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Consolidated Financial Statements.
13. As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to Consolidated Financial Statements in place and the operating effectiveness of such controls.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Consolidated Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its joint venture to cease to continue as a going concern.
 - Evaluate the overall presentation, structure and content of the Consolidated Financial Statements, including the disclosures, and whether the Consolidated Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its joint venture to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the Consolidated Financial Statements of which we are the independent auditors. For the other entities included in the Consolidated Financial Statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

14. We communicate with those charged with governance of the Holding Company and such other entities included in the Consolidated Financial Statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
15. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
16. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the Consolidated Financial Statements of the current year and are therefore the Key Audit Matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

17. We did not audit the financial statements/financial information of six subsidiaries (including two step- down subsidiaries), whose financial statements/ financial information reflect total assets of Rs. 115.90 crores and net assets of Rs. 26.35 crores as at March 31, 2020, total revenue of Rs. 203.91 crores, total comprehensive income (comprising of loss and other comprehensive income) of Rs. (9.14) crores and cash flows of Rs. 2.65 crores for the year ended on that date, as considered in the Consolidated Financial Statements. These financial statements/financial information have been audited by other auditors whose reports have been furnished to us by the Management, and our opinion on the Consolidated Financial Statements in so far as it relates to the amounts and disclosures included in respect of these subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information in so far as it relates to the aforesaid subsidiaries, is based solely on the reports of the other auditors.
18. We did not audit the financial statements/financial information of one subsidiary, whose financial statements/ financial information reflect total assets of Nil and net assets of Nil as at March 31, 2020, total revenue of Nil, total comprehensive income (comprising of loss and other comprehensive income) of Rs. (0.16) crores and cash flows of Rs. (0.25) crores for the year ended on that date, as considered in the Consolidated Financial Statements. These financial statements/ financial information are unaudited and have been furnished to us by the Management, and our opinion on the Consolidated Financial Statements in so far as it relates to the amounts and disclosures included in respect of this subsidiary, is based solely on such unaudited financial statements/financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements/financial information are not material to the Consolidated Financial Statements.
Our opinion on the Consolidated Financial Statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors and the financial statements/financial information certified by the Management.
19. The Consolidated Financial Statements include the Group's share of total comprehensive income (comprising of profit and other comprehensive income) of Rs. 15.67 crores for the year ended March 31, 2020 and Group's share of net assets of Rs. 75.64 crores as at March 31, 2020, as considered in the Consolidated Financial Statements, in respect of one joint venture whose financial statements/financial information have not been audited by us. These financial statements/financial information are unaudited and have been furnished to us by the Management, and our opinion on the Consolidated Financial Statements in so far as it relates to the amounts and disclosures included in respect of this joint venture, is based solely on such unaudited financial statements/financial information. In our opinion and according to the information and explanations given to us by the Management, these financial statements/financial information are material to the Consolidated Financial Statements. (Also refer paragraph 3 above)

Report on Other Legal and Regulatory Requirements

20. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

Management's Responsibility for Internal Financial Controls

2. The respective Board of Directors of the Holding Company and its joint venture, to whom reporting under clause (i) of sub section 3 of Section 143 of the Act in respect of the adequacy of the internal financial controls with reference to financial statements is applicable, which is a company incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to Consolidated Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI and the Standards on Auditing deemed to be prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to Consolidated Financial Statements was established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to Consolidated Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to Consolidated Financial Statements included obtaining an understanding of internal financial controls with reference to Consolidated Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Consolidated Financial Statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls system with reference to Consolidated Financial Statements.

Meaning of Internal Financial Controls with reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management

and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Qualified Opinion

8. According to the information and explanations given to us and based on our audit, a material weakness has been identified in the operating effectiveness of Holding Company's internal financial controls over preparation of Consolidated Financial Statements as the Consolidated Financial Statements have been prepared considering the unaudited financial statements of a material component. This could potentially result in a material misstatement in the Consolidated Financial Statements because of the Holding Company not recognising impact of adjustments, if any, had an audit been carried out of the financial statements of the material component as at and for the year ended March 31, 2020. (Also refer paragraph 3 of the main audit report)
9. A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control with reference to financial statements, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Qualified Opinion

10. In our opinion, the Holding Company has, in all material respects, maintained adequate internal financial controls with reference to Consolidated Financial Statements as of March 31, 2020, based on the internal control over financial reporting criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India and except for the possible effects of the material weakness described in the Basis for Qualified Opinion paragraph above on the achievement of the objectives of the control criteria, the Holding Company's internal financial controls with reference to Consolidated Financial Statements were operating effectively as of March 31, 2020.
11. We have considered the material weakness identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the Consolidated Financial Statements of the Company for the year ended March 31, 2020, and the material weakness has affected our opinion on the Consolidated Financial Statements of the Company for the year ended on that date and we have issued a qualified opinion on the Consolidated Financial Statements. (Refer paragraph 3 of the main audit report)

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

1 Group Background

Tide Water Oil Co. (India) Limited (the 'Parent Company') is a public limited company, incorporated and domiciled in India. The equity shares of the Parent Company are listed on the National Stock Exchange of India Limited and the BSE Limited in India. The registered office of the Parent Company is located at 'Yule House', 8 Dr. Rajendra Prasad Sarani, Kolkata - 700 001, West Bengal, India.

The Parent Company and its subsidiaries and joint venture (collectively referred to as 'the Group') are mainly engaged in the business of manufacturing and marketing of lubricants.

The consolidated financial statements were approved and authorised for issue in accordance with the resolution of the Parent Company's Board of Directors on 24th June, 2020.

2 Significant Accounting Policies

This note provides a list of the significant accounting policies adopted in the preparation of the consolidated financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 Basis of Preparation

(i) Compliance with Indian Accounting Standards (Ind AS)

The consolidated financial statements comply in all material respects with Ind AS notified under Section 133 of the Companies Act, 2013 (the 'Act') [Companies (Indian Accounting Standards) Rules, 2015] and other provisions of the Act.

(ii) Historical Cost Convention

The consolidated financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities that is measured at fair value.
- Defined benefit plans - plan assets measured at fair value.

(iii) Current Versus Non-current Classification

The Group presents assets and liabilities in the Balance Sheet based on current/non-current classification.

An asset is classified as current when it is:

- a) expected to be realised or intended to be sold or consumed in the normal operating cycle,
- b) held primarily for the purpose of trading,
- c) expected to be realised within twelve months after the reporting period, or
- d) cash or cash equivalents unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is classified as current when:

- a) it is expected to be settled in the normal operating cycle,
- b) it is held primarily for the purpose of trading,
- c) it is due to be settled within twelve months after the reporting period, or
- d) there is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current.

(iv) Rounding of Amounts

All amounts disclosed in the consolidated financial statements and notes have been rounded off to the nearest crores and decimals thereof as per the requirement of Schedule III to the Act, unless otherwise stated.

2.2 Principles of Consolidation

(i) Subsidiaries

Subsidiaries are all entities over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group combines the financial statements of the Parent Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Inter - company transactions, balances and unrealised gains on transactions between companies of the Group are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Ind AS 12, 'Income Taxes' applies to temporary differences that arise from the elimination of profits and losses resulting from inter - company transactions.

(ii) Joint Ventures

Interests in joint ventures are accounted for using the equity method, after initially being recognised at cost in the Consolidated Balance Sheet. Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post acquisition profits or losses of the investee in profit or loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from joint ventures are recognised as a reduction in the carrying amount of the investment.

(iii) Goodwill

Goodwill is initially recognised at cost and is subsequently measured at cost less impairment losses, if any. Goodwill is tested for impairment annually or more frequently when there is an indication that it may be impaired. An impairment loss for goodwill is recognised in profit or loss and is not reversed in the subsequent years.

2.3 Property, Plant and Equipment

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less accumulated depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Transition to Ind AS

On transition to Ind AS, the Group had elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1st April, 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of property, plant and equipment.

Depreciation Method, Estimated Useful Lives and Residual Values

Depreciation is calculated on a pro-rata basis using the straight-line method to allocate their cost, net of their estimated residual values, over their estimated useful lives in accordance with Schedule II to the Act, except in respect of certain laboratory equipments. Each component of an item of property, plant and equipment with a cost that is significant in relation to the cost of that item is depreciated separately if its useful life differs from the other components of the item.

Estimated useful lives of the property, plant and equipment as estimated by the management of the Parent Company are as follows:

Buildings	- 30 to 60 Years
Plant and Equipments	- 15 Years
Furniture and Fixtures	- 10 Years
Office Equipments	- 5 Years
Servers and Networks	- 6 Years
Desktop/Laptop, etc	- 3 Years
Electrical Installation	- 10 Years
Laboratory Equipments	- 8 to 10 Years
Vehicles	- 8 Years
Windmill	- 22 Years

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

In case of foreign subsidiaries, depreciation is calculated on a pro-rata basis using the straight-line method to allocate their cost, net of their estimated residual values, over their estimated useful lives which are different from those applied by the Parent Company:

Buildings	- 4 to 25 Years
Plant and Equipments	- 1 to 15 Years
Furniture and Fixtures*	- 5 to 6 Years
Office Equipments	- 2 to 3 Years
Tools and Equipments #	- 2 to 3 Years
Bottle Moulds #	- 4 Years
Vehicles	- At Varying Rates

included under Plant and Equipments

* in case of a subsidiary, the depreciation rate is 25% on reducing balance

In case of a joint venture, depreciation for certain property, plant and equipment is calculated on a pro-rata basis using the straight-line method to allocate their cost, net of their estimated residual values, over their estimated useful lives which are different from those applied by the Parent Company:

Storage Tank	- 15 Years
Oil Dispensing System #	- 3 Years
Moulds #	- 3 Years

included under Plant and Equipments

Leasehold lands are amortised on straight - line basis over the primary lease period or their respective useful lives, whichever is shorter.

The useful lives, residual values and the method of depreciation of property, plant and equipment are reviewed, and adjusted if appropriate, on an annual basis.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss within 'Other Income'/'Other Expenses'.

Advances paid towards the acquisition of property, plant and equipment outstanding at each Balance Sheet date is classified as 'Capital Advances' under other non-current assets and the cost of property, plant and equipment not ready to use are disclosed under 'Capital Work-in-progress'.

2.4 Other Intangible Assets (other than Goodwill)

Intangible assets having a finite useful life are stated at cost less accumulated amortisation and accumulated impairment losses, if any.

Computer Software

Computer Software for internal use, which is primarily acquired from third-party vendors is capitalised. Subsequent costs associated with maintaining such software are recognised as expense as incurred. Cost of software includes license fees and cost of implementation/system integration services, where applicable.

Amortisation Method and Period

Computer Software are amortised on a pro-rata basis using the straight-line method over their estimated useful life of 3 years, from the date they are available for use. Amortisation method and useful lives are reviewed periodically including at each financial year end.

Research and Development

Research costs are expensed as incurred. Expenditure on development that do not meet the specified criteria under Ind AS 38 on 'Intangible Assets' are recognised as an expense as incurred.

Transition to Ind AS

On transition to Ind AS, the Group had elected to continue with the carrying value of all of its intangible assets recognised as at 1st April, 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020**2.5 Investment Properties**

Properties that are held for long-term rental yields or for capital appreciation or both, and that are not occupied by the Group, are classified as Investment Properties. Investment Properties are measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised. Depreciation on Investment Properties are calculated on a straight-line basis using the rate arrived at based on the useful life estimated by the management. The estimated useful life of investment properties (buildings) as estimated by the Management is 60 years.

On disposal of an Investment Property, the difference between its carrying amount and net disposal proceeds is charged or credited to Statement of Profit and Loss.

Transition to Ind AS

On transition to Ind AS, the Group had elected to continue with the carrying value of all of its investment properties recognised as at 1st April, 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of investment properties.

2.6 Impairment of Non-financial Assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units).

2.7 Inventories

Inventories are stated at the lower of cost and net realisable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished goods in which they will be incorporated are expected to be sold at or above cost. Cost of inventories comprises cost of purchases and all other costs incurred in bringing the inventories to their present location and condition. Cost of finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Costs are assigned to individual items of inventory on weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

2.8 Leases

Till 31st March 2019:

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is, or contains, a lease if fulfilment of the arrangement is dependent on the use of a specific asset and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

As a Lessee

Leases of property, plant and equipment where the Group, as a lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased asset or, if lower, the present value of the minimum lease payments. The corresponding lease rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Group as lessee are classified as operating leases. Payments made under operating leases are charged to profit or loss

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a Lessor

Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the Balance Sheet based on their nature.

Effective 1st April 2019:

As a Lessee

The Group assesses whether a contract is or contains a lease, at inception of the contract. The Group recognises a right-of-use asset and a corresponding lease liability with respect to all lease agreements in which it is the lessee, except for short-term leases (defined as leases with a lease term of 12 months or less) and leases of low value assets. For these leases, the Group recognises the lease payments as an operating expense on a straight-line basis over the term of the lease unless another systematic basis is more representative of the time pattern in which economic benefits from the leased asset are consumed.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- fixed payments (including in-substance fixed payments), less any lease incentives receivable
 - variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date
 - amounts expected to be payable by the Group under residual value guarantees
 - the exercise price of a purchase option if the Group is reasonably certain to exercise that option, and
 - payments of penalties for terminating the lease, if the lease term reflects the Group exercising that option.
- Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability. The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Group, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Group uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk, for leases held by the Group, which does not have recent third-party financing and make adjustments specific to the lease e.g. term, country, etc.

The lease liability is subsequently measured by increasing the carrying amount to reflect interest on the lease liability (using the effective interest method) and by reducing the carrying amount to reflect the lease payments made.

The right-of-use assets comprise the initial measurement of the corresponding lease liability, lease payments made at or before the commencement day and any initial direct costs. They are subsequently measured at cost less accumulated depreciation and impairment losses. Right-of-use assets are depreciated over the shorter period of lease term and useful life of the underlying asset.

Payments associated with short-term leases of equipment and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less.

As a Lessor

Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying asset and recognised as expense over the lease term on the same basis as lease income. The respective leased assets are included in the balance sheet based on their nature. The Group did not need to make any adjustments to the accounting for assets held as lessor as a result of adopting the new leasing standard.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020**2.9 Investments (other than Investments in Joint Venture) and Other Financial Assets****(i) Classification**

The Group classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss), and
- those to be measured at amortised cost.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in profit or loss or other comprehensive income. For investments in debt instruments, this will depend on the business model in which the investment is held. For investments in equity instruments, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Debt Instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

•**Amortised Cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt instrument that is subsequently measured at amortised cost is recognised in profit or loss when the asset is derecognised or impaired.

•**Fair Value through Other Comprehensive Income (FVOCI):** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognised in the profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in 'Other Income'/'Other Expenses'. Impairment losses (and renewal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

•**Fair Value through Profit or Loss:** Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt instrument that is subsequently measured at fair value through profit or loss is recognised in profit or loss and presented net in the Statement of Profit and Loss within 'Other Income'/'Other Expenses' in the period in which it arises.

Equity Instruments

The Group subsequently measures all equity investments (other than investments in joint venture) at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to profit or loss. Changes in the fair value of financial assets at fair value through profit or loss are recognised in 'Other Income'/'Other Expenses' in the Statement of Profit and Loss.

(iii) Impairment of Financial Assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost and FVOCI debt instruments. The impairment methodology applied depends on whether there has been a significant increase in credit risk. Note 46(A) details how the Group determines whether there has

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

been a significant increase in credit risk.

For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109, 'Financial Instruments', which requires expected lifetime losses to be recognised from initial recognition of the receivables.

(iv) Derecognition of Financial Assets

A financial asset is derecognised only when

-the Group has transferred the rights to receive cash flows from the financial asset or

-retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Group evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Group has not retained control of the financial asset. Where the Group retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(v) Income Recognition

Interest Income

Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Group estimates the expected cash flows by considering all the contractual terms of the financial instrument but does not consider the expected credit losses.

Dividends

Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Group, and the amount of the dividend can be measured reliably.

(vi) Fair Value of Financial Instruments

In determining the fair value of financial instruments, the Group uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis and available quoted market prices. All methods of assessing fair value result in general approximation of value, and such value may never actually be realised.

2.10 Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is reported in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Group or the counterparty.

2.11 Trade Receivables

Trade receivables are amounts due from customers for goods sold or services rendered in the ordinary course of business. Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

2.12 Cash and Cash Equivalents

For the purpose of presentation in the Statement of Cash Flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020**2.13 Trade Payables and Other Financial Liabilities**

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 60 days of recognition. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

“Other financial liabilities are recognised when the Group becomes a party to the contractual provisions of the instrument. Other financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest rate method.

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

2.14 Revenue Recognition*Sale of Products*

The Group manufactures and sells Lubricant Oils and Greases. Sales are recognised when control of the products has been transferred, being when the products are delivered to the customer. Delivery occurs when the products have been shipped or delivered to the specific location as the case may be, the risks of loss have been transferred, and either the customer has accepted the products in accordance with the sales contract, or the Group has objective evidence that all criteria for acceptance have been satisfied. No element of financing is deemed present as the sales are made with a credit term which is consistent with market practice. Revenue from these sales is recognised based on the terms of the contract, net of estimated schemes outflows. Accumulated experience is used to estimate and provide for the liability of scheme outflows, using the most likely method, and revenue is only recognised to the extent that it is highly probable that a significant reversal will not occur. A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

The Group does not have any contracts where the period between the transfer of the promised goods or services to the customer and payment by the customer exceeds one year. As a consequence, the Group does not adjust any of the transaction prices for the time value of money.

Sale of Power

Revenue from the sale of power is recognised based on the units as transmitted to customer, as per the terms of contract with the customer.

2.15 Borrowing Costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred.

2.16 Foreign Currency Transactions and Translation**(i) Functional and Presentation Currency**

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). The consolidated financial statements are presented in Indian Rupee (Rupees or Rs.), which is the Parent Company's functional and presentation currency.

(ii) Transactions and Balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. At the year-end, monetary assets and liabilities denominated in foreign currencies are restated at the year-end exchange rates. The exchange differences arising from settlement of foreign currency transactions and from the year-end restatement are recognised in profit and loss.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

Foreign exchange differences regarded as an adjustment to borrowing costs, if any, are presented in the Statement of Profit and Loss, within 'Finance Costs'. All other foreign exchange gains and losses are presented in the Statement of Profit and Loss on a net basis within 'Other Income'/'Other Expenses'.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined. Translation differences on assets and liabilities carried at fair value are reported as part of the fair value gain or loss.

(iii) Group Companies

The results and financial position of foreign operations (none of which has a currency of a hyperinflationary economy) that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- assets and liabilities are translated at the closing rate at the date of that Balance Sheet.
- income and expenses are translated at average exchange rates.
- all resulting exchange differences are recognised in Other Comprehensive Income.

Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the closing rate.

2.17 Employee Benefits**(i) Short-term Employee Benefits**

Liabilities for short-term employee benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled.

(ii) Post-employment Benefits**Defined Benefit Plans**

The liability or asset recognised in the Balance Sheet in respect of defined benefit plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in 'Employee Benefits Expense' in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. These are included in 'Retained Earnings' in the Statement of Changes in Equity.

Defined Contribution Plans

Contributions under defined contribution plans payable in keeping with the related schemes are recognised as expenses for the period in which the employee has rendered the service.

(iii) Other Long-term Employee Benefits

The liabilities for earned leave are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured annually by actuaries as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in profit or loss.

The obligations are presented under 'Provisions' (current) in the Balance Sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020**2.18 Income Tax**

The income tax expense for the period is the tax payable on the current period's taxable income based on the applicable income tax rate adjusted by changes in deferred tax assets and liabilities attributable to temporary differences, unused tax credits and to unused tax losses.

The current tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting profit nor taxable profit (tax loss). Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred tax asset is realised or the deferred tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences, carry forward of unused tax credits and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences, tax credits and losses.

Deferred tax assets are not recognised for temporary differences between the carrying amount and tax bases of investments in subsidiaries where it is not probable that the differences will reverse in the foreseeable future and taxable profit will not be available against which the temporary difference can be utilised.

The carrying amount of deferred tax assets is reviewed at each Balance Sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilised.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity, if any. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

2.19 Provisions and Contingencies

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period.

A disclosure for contingent liabilities is made when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group or a present obligation that arises from past events where it is either not probable that an outflow of resources embodying economic benefits will be required to settle or a reliable estimate of the amount cannot be made.

2.20 Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

2.21 Earnings Per Share**(i) Basic Earnings Per Share**

Basic earnings per share is calculated by dividing:

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

the profit attributable to owners of the Parent Company

by the weighted average number of equity shares outstanding during the financial year excluding treasury shares

(ii) Diluted Earnings Per Share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and

the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

2.22 Business Combinations

A common control business combination, involving entities or businesses in which all the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination and where the control is not transitory, is accounted for using the pooling of interests method. Other business combinations, involving entities or businesses are accounted for using acquisition method.

2.23 Critical Estimates and Judgements

The preparation of consolidated financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent assets and liabilities at the date of these consolidated financial statements and the reported amounts of revenues and expenses for the years presented. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each Balance Sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

This note provides an overview of the areas that involved a higher degree of judgement or complexity, and of items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgements is included in relevant notes together with information about the basis of calculation for each affected line item in the consolidated financial statements.

The areas involving critical estimates or judgements are:

Employee benefits (Estimation of Defined Benefit Obligation) — Notes 2.17 and 44

Post-employment benefits represent obligations that will be settled in the future and require assumptions to project benefit obligations. Post-employment benefit accounting is intended to reflect the recognition of future benefit costs over the employee's approximate service period, based on the terms of the plans and the investment and funding decisions made. The accounting requires the Group to make assumptions regarding variables such as discount rate and salary growth rate. Changes in these key assumptions can have a significant impact on the defined benefit obligations.

• Impairment of Trade Receivables — Notes 2.9(iii) and 46(A)

The risk of uncollectibility of trade receivables is primarily estimated based on prior experience with, and the past due status of, doubtful debtors, based on factors that include ability to pay, bankruptcy and payment history. The assumptions and estimates applied for determining the provision for impairment are reviewed periodically.

• Estimation of Expected Useful Lives of Property, Plant and Equipment — Notes 2.3 and 4

Management reviews its estimate of the useful lives of property, plant and equipment at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of property, plant and equipment.

• Contingencies — Notes 2.19 and 37

Legal proceedings covering some of the matters are pending against the Group. Due to the uncertainty inherent in such matters, it is often difficult to predict the final outcome. The cases and claims against the Group often raise difficult and complex factual and legal issues that are subject to many uncertainties and complexities, including but not limited to the facts and circumstances of each particular case/claim, the jurisdiction and the differences

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

in applicable law. In the normal course of business, the Group consults with legal counsel and other experts on matters related to litigations. The Group accrues a liability when it is determined that an adverse outcome is probable and the amount of the loss can be reasonably estimated. In the event an adverse outcome is possible or an estimate is not determinable, the matter is disclosed.

• **Fair Value Measurements — Notes 2.9(vi) and 45**

When the fair values of financial assets and financial liabilities recorded in the Balance Sheet cannot be measured based on quoted prices in active markets, their fair values are measured using valuation techniques, including the discounted cash flow model, which involve various judgements and assumptions.

• **Impairment of Goodwill — Notes 2.2(iii) and 49**

Goodwill is tested for impairment atleast on an annual basis and when events that occur/ change in circumstances indicate that recoverable amount of the cash generating unit (CGU) is less than its carrying value. The recoverable amount of a Cash Generating Unit (CGU) is determined based on value-in-use calculations which require the use of assumptions. The calculations use cash flow projections based on financial budgets approved by management covering a five-year-period. The Group is required to make significant judgements, estimates and assumptions inter-alia concerning the growth in earnings before interest, tax, depreciation and amortisation (EBITDA), long-term growth rates, discount rates to reflect the risks involved.

• **Accounting for Sale of Products as per Franchise Agreement**

The Parent Company, inter alia, is engaged in the manufacturing of the Eneos brand of products as per the Franchise Agreement of September 24, 2014 with JX Nippon TWO Lubricants India Private Limited [a 50:50 joint venture between the Parent Company and JXTG Nippon Oil and Energy Corporation (formerly known as JX Nippon Oil & Energy Corporation)] (the 'Arrangement').

The Parent Company is responsible for / carries out the manufacturing, marketing and selling of the Eneos brand of products and also bears the inventory risk. Based on the actual execution as aforesaid, the Parent Company is the primary obligor and accordingly the management has determined that it acts as a Principal in substance under the aforesaid Arrangement and recognises the gross revenue, which is reflected in these consolidated financial statements.

Note 3.1

GROUP INFORMATION

The consolidated financial statements comprise the financial statements of the Parent Company and its wholly owned subsidiary companies and joint venture as detailed below. Unless otherwise stated, they have share capital consisting solely of equity shares that are held by the Group and the proportion of ownership interests held equals the voting rights held by the Group.

B) Joint Venture

Set out below is the joint venture forming part of the Group as at the year-end which, in the opinion of the directors, is material to the Group. The entity listed below has share capital consisting solely of equity shares, which are held directly by the Parent Company. (a) Fair Value of Investment Properties carried at cost	12.15	8.98
<p>The Group obtains independent valuations for its investment properties at least annually. The best evidence of fair value is current prices in an active market for similar properties. Where such information is not available, the Group considers the current prices in an active market for properties of different nature or recent prices of similar properties in less active market, adjusted to reflect those differences.</p> <p>The fair values of investment properties have been determined by accredited independent valuers, who hold recognised and relevant professional qualifications. Valuation is based on rental growth rates, expected vacancy rates, terminal yields and discount rates based on comparable transactions and industry data. All resulting fair value estimates for investment properties are included in level 3.</p>

Nature and Purpose of Each Reserve**Securities Premium**

Securities premium is used to record premium received on issue of shares. The reserve may be utilised in accordance with the provisions of the Act.

General Reserve

Under the erstwhile Companies Act 1956, a general reserve was created through an annual transfer of net profits at a specified percentage in accordance with applicable regulations. Consequent to the introduction of the Act, the requirement to mandatory transfer a specified percentage of net profit to general reserve has been withdrawn though the Group may transfer such percentage of its profits for the financial year as it may consider appropriate. Declaration of dividends out of such reserve shall not be made except in accordance with rules prescribed in this behalf under the Act.

Foreign Currency Translation Reserve

Exchange differences arising from translation of foreign operations are recognised in other comprehensive income as described in accounting policies [Refer Note 2.16 (iii)] and accumulated in a separate reserve within equity.

LEASES

Particulars	Year ended 31st March, 2020	Year ended 31st March, 2019
Group as Lessee		
The Group leases offices, depots, Equipments and storage tanks. Rental contracts are typically made for fixed periods of 11 months to 5 years, but may have extension options as described below.		
(i) Amounts recognised in the Statement of Profit and Loss		
Other Expenses		
Interest expense (included in Finance Costs) (Refer Note 30)	0.17	-
Expense relating to short-term leases (Included in Other Expenses) (Refer Note 32)	5.81	-
Expense relating to variable leases (Included in Other Expenses) (Refer Note 32)	1.27	-
Total Cash outflow for leases (other than short-term and variable leases) for the year ended 31st March, 2020 was Rs. 1.44 crores		
(ii) Extension and Termination options		
Extension and Termination options are included in a number of office and depot leases across the Group. These are used to maximise operational flexibility in terms of managing the assets used in the Group's operations. The majority of extension and termination options held are exercisable on mutual consent between the Group and the respective lessor.		
Critical judgements in determining the lease term		
In determining the lease term, management considers all facts and circumstances that create an economic incentive to exercise an extension option, or not exercise a termination option. Extension options (or periods after termination options) are only included in the lease term if the lease is reasonably certain to be extended (or not terminated).		

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

(All amounts in Rs. Crores, unless otherwise stated)

Particulars	Year ended 31st March, 2020	Year ended 31st March, 2019
<p>For leases of offices, depots and storage tanks, the following factors are normally the most relevant:</p> <ul style="list-style-type: none"> • If there are significant penalties to terminate (or not extend), the Group is typically reasonably certain to extend (or not terminate). • If any leasehold improvements are expected to have a significant remaining value, the Group is typically reasonably certain to extend (or not terminate). • Otherwise, the Group considers other factors including historical lease durations and the costs and business disruption required to replace the leased asset. <p>As at 31st March 2020, potential future cash outflows of Rs. 2.75 crores (undiscounted) have not been included in the lease liability because it is not reasonably certain that the leases will be extended (or not terminated).</p> <p>The lease term is reassessed if an option is actually exercised (or not exercised) or the Group becomes obliged to exercise (or not exercise) it. The assessment of reasonable certainty is only revised if a significant event or a significant change in circumstances occurs, which affects this assessment, and that is within the control of the lessee. During the current financial year, no extension or termination options in lease agreements were exercised.</p> <p>Group as Lessor</p> <p>The Group has leased out certain buildings on operating leases. The lease term is for 1-5 years and thereafter renewable. There is escalation clause in the lease agreements. The rent is not based on any contingencies. There are no restrictions imposed by lease arrangements. The leases are cancellable.</p> <p>Lease payments received for the year (Recognised as Rent Income in Note 25)</p>	0.56	0.71

Note 40**CHANGES IN ACCOUNTING POLICIES**

Impact on the Consolidated Financial Statements – Lessee

The Group has adopted Ind AS 116 retrospectively from 1st April, 2019, but has not restated comparatives for year ended 31st March, 2019, as permitted under the specific transition provisions in the standard. The reclassifications and the adjustments arising from the new leasing rules are therefore recognised in the opening balance sheet on 1st April, 2019. The new accounting policies are disclosed in note 2.8.

On adoption of Ind AS 116, the Group recognised lease liabilities in relation to leases which had previously been classified as 'operating leases' under the principles of Ind AS 17, Leases. These liabilities were measured at the present value of the remaining lease payments, discounted using the lessee's incremental borrowing rate as of 1st April 2019. The weighted average lessee's incremental borrowing rate applied to the lease liabilities on 1st April, 2019 was 2.55%.

(i) Practical Expedients Applied

In applying Ind AS 116 for the first time, the Company has used the following practical expedients permitted by the standard:

- accounting for operating leases with a remaining lease term of less than 12 months as at 1 April 2019 as short-term leases and
- using hindsight in determining the lease term where the contract contains options to extend or terminate the lease.

(ii) Measurement of Lease Liabilities

Operating lease commitments disclosed as at 31 March 2019	0.43
Add: Extension and termination options reasonably certain to be exercised	0.95
Total	1.38
Discounted using the lessee's incremental borrowing rate at the date of initial application	1.32
Add: Finance Lease Liabilities recognised as at 31st March, 2019	1.52
Lease liability recognised as at 1 April 2019	2.84
Out of which :	
Current lease liabilities	0.76
Non-current lease liabilities	2.08

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

(All amounts in Rs. Crores, unless otherwise stated)

(iii) Measurement of Right-of-use Assets

The associated right-of-use assets for leases were measured at an amount equal to the lease liability at the date of initial application. Prepaid payment with respect to leasehold land and plant & equipments acquired under Finance Lease have been reclassified under Right-of-Use Assets, which were measured on a retrospective basis as if the new rules had always been applied.

(iv) Adjustments Recognised in the Balance Sheet on 1st April, 2019

The change in accounting policy affected the following items in the Balance Sheet on 1st April, 2019:

Particulars	As at 1st April, 2019
Increase in Right-of-use Assets	4.84
Increase in Lease Liabilities	3.52
Decrease in Property, Plant and Equipment	2.84
Decrease in Borrowing	1.52
Increase in Deferrent Tax Assets	0.25
Increase in Deferrent Liabilities	0.25

There is no impact (net) on the retained earnings as at 1st April, 2019.

Impact on the Consolidated Financial Statement – Lessor

The Company did not need to make any adjustments to the accounting for assets held as lessor under operating leases as a result of the adoption of Ind AS 116.

(All amounts in Rs. Crores, unless otherwise stated)

Note 44**EMPLOYEE BENEFITS:****(I) Post Employment Obligations - Defined Contribution Plans**

The Parent Company has certain Defined Contribution Plans viz. Provident Fund and Superannuation Fund. Contributions are made to Provident Fund in India for employees at the rate of 12% of basic salary as per regulations. The contributions are made to registered Employees' Provident Fund Organisation (EPFO) administered by the government. Contributions to Superannuation Fund are made at a rate not exceeding 4.87% of Basic and Dearness Allowance of the members of superannuation plan. The obligation of the Group is limited to the amount contributed and it has no further contractual nor any constructive obligation. During the year, an amount of Rs. 4.80 Crores (Previous Year: Rs. 4.66 Crores) has been recognised as expenditure towards defined contribution plans of the Parent Company.

(II) Post Employment Obligations - Defined Benefit Plans**(A) Gratuity (funded)**

The Parent Company has an obligation towards gratuity, a defined benefit retirement plan covering eligible employees as per Payment of Gratuity Act, 1972. The plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount as per Payment of Gratuity Act, 1972 (as amended). Vesting occurs upon completion of five years of service. The plan is being managed by a separate Trust created for the purpose and obligations of the Group is to make contribution to the Trust based on actuarial valuation. Liabilities with regard to the Gratuity Plan are determined by actuarial valuation as set out in Note 2.17(ii), based upon which, the Group makes contribution to the Employees' Gratuity Fund.

(B) Post- retirement Medical Scheme

Under this scheme, certain categories of employees of the Group get medical benefits subject to certain limits of amount and types of benefits depending on their grade at the time of retirement. The liability for post-retirement medical scheme is determined on the basis of year-end actuarial valuation. The scheme is unfunded.

The following table sets forth the particulars in respect of the Gratuity Plan (Funded) and Medical (Unfunded) of the Group for the years ended 31st March 2020 and 31st March 2019:

Notes:

(a) The estimate of future salary increases takes into account: inflation, seniority, promotion and other relevant factors, such as demand and supply in the employment market.

(b) Assumptions regarding future mortality are based on mortality tables of 'Indian Assured Lives Mortality (2012-14) Ult.' as at 31st March, 2020 and 'Indian Assured

Lives Mortality (2006-2008) Ultimate' as at 31st March, 2019 published by the Institute of Actuaries of India.

(k) Sensitivity Analysis

Particulars	Impact on Defined Benefit Obligation with Discount Rate				Impact on Defined Benefit Obligation with Salary Escalation			
	Change in Assumption	Change in Impact	31st March, 2020	31st March, 2019	Change in Assumption	Change in Impact	31st March, 2020	31st March, 2019
Gratuity	Increase by 0.25%	Decrease by	0.41	0.35	Increase by 0.50%	Increase by	0.76	0.66
	Decrease by 0.25%	Increase by	0.43	0.36	Decrease by 0.50%	Decrease by	0.73	0.64
Medical	Increase by 0.25%	Decrease by	0.39	0.28	Increase by 1%	Increase by	* 0.00	0.10
	Decrease by 0.25%	Increase by	0.40	0.30	Decrease by 1%	Decrease by	0.01	0.10

The above sensitivity analyses are based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions, the same method (present value of the

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31ST MARCH, 2020

(All amounts in Rs. Crores, unless otherwise stated)

defined benefit obligation calculated with the projected unit credit method at the end of the reporting period) has been applied as when calculating the defined benefit liability recognised in the Balance Sheet.

The methods and types of assumptions used in preparing the sensitivity analysis did not change compared to the previous year.

(I) Expected Contribution to Post-Employment Benefit Plan (Gratuity) in the next twelve months are Rs. 4.44 Crores (Previous Year: Rs. 2.46 Crores).

(III) Leave Obligations

The Group provides for encashment of leave or leave with pay by certain categories of its employees subject to certain rules. The employees are entitled to accumulate leave subject to certain limits, for future encashment.

The Group records a provision for leave obligations in the year in which the employee renders the services that increases this entitlement.

(IV) Risk Exposure

The Group is exposed to a number of risks through the defined benefit plans. The most significant of which are detailed below:-

Investment Risk:

The defined benefit plans are funded with Life Insurance Corporation of India (LIC). The Group does not have any liberty to manage the funds provided to LIC. The present value of the defined benefit plan liability is calculated using a discount rate determined by reference to the Government of India bonds. If the return on plan asset is below this rate, it will create a plan deficit.

Discount Rate Risk:

The Group is exposed to the risk of fall in discount rate. A fall in discount rate will eventually increase the ultimate cost of providing the above benefit thereby increasing the value of the liability.

Demographic Risk:

In the valuation of the liability, certain demographic (mortality and attrition rates) assumptions are made. The Group is exposed to this risk to the extent of actual experience eventually being worse compared to the assumptions thereby causing an increase in the benefit cost.

Salary Growth Risk:

The present value of the defined benefit plan liability is calculated by reference to the future salaries of plan participants. An increase in the salary of the plan participants will increase the plan liability.

^ The Group has made an irrevocable election at date of transition to recognise changes in fair value of investments in equity securities which are not held for trading through OCI rather than profit or loss as the management believes that presenting fair value gains and losses relating to these investments in the Statement of Profit and Loss may not be indicative of the performance of the Group

(i) Fair Value Hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost and for which fair values are disclosed in the consolidated financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the group has classified its financial instruments into the three levels prescribed under Ind AS. An explanation of each level follows below.

Level 1

Quoted prices in an active market (level 1): This level of hierarchy includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2

Valuation techniques with observable inputs (level 2): This level of hierarchy includes financial assets and liabilities, measured using inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices).

Level 3

Valuation techniques with significant unobservable inputs (level 3): This level of hierarchy includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data. This level of hierarchy includes Parent Company's investments in equity shares which are unquoted or for which quoted prices are not available at the reporting dates.

(ii) Valuation Technique Used to Determine Fair Value

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis.

(iii) Fair Value Measurements using Significant Unobservable Inputs (Level 3)

Note 46**FINANCIAL RISK MANAGEMENT**

The Group's activities expose it to market risk, liquidity risk and credit risk. In order to minimize effects of the above, various arrangements are entered into by the Group. The following table explains the sources of risk and how the Group manages the risk in its financial statements.

Risk	Exposure arising from	Measurement	Management
Credit Risk	Cash Equivalents with Banks, Trade Receivables, Financial Assets measured at Amortised Cost	Ageing analysis and credit analysis	Credit limits and letters of credit

A) Credit Risk

The Group takes on exposure to credit risk, which is the risk that counterparty will default on its contractual obligations resulting in financial loss to the Group. Credit risk arises from cash equivalents with banks, investments carried at amortised cost, deposit with banks as well as credit exposure to customers and other parties. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 45.

Customer credit risk is managed by the Group through established policy and procedures and control relating to customer credit risk management. Trade receivables are non-interest bearing. The Group has a detailed review mechanism of overdue customer receivables at various levels within organisation to ensure proper attention and focus for realisation. Trade receivables are consisting of a large number of customers. Where credit risk is high, trade receivables are backed by security deposits.

The Group uses specific identification method in determining the allowances for credit losses of trade receivables considering historical credit loss experience and is adjusted for forward looking information. Receivables are deemed to be past due or impaired with reference to the Group's normal terms and conditions of business. These terms and conditions are determined on a case to case basis with reference to the customer's credit quality and prevailing market conditions.

Credit risk from balances with banks, deposits, etc. is managed by the Group's finance department. Investments of surplus funds are made only with approved counterparties in accordance with the Group's policy. None of the Group's cash equivalents with banks, deposits, investments and other receivables were past due or impaired as at 31st March, 2020 and 31st March, 2019.

Reconciliation of provisions for doubtful debts has been provided as under:

B) Liquidity Risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

Prudent risk liquidity management implies maintaining sufficient cash and cash equivalents and the availability of committed credit facilities to meet obligations when due.

Management monitors rolling forecasts of the group's liquidity position on the basis of expected cash flow. The Parent Company has access to the following undrawn borrowing facilities at the end of the reporting period:

Particulars	Year ended 31st March, 2020	Year ended 31st March, 2019
Bank Overdraft	54.50	54.50
Letter of Credit	47.50	47.50

Bank overdraft facilities may be drawn at any time and may be terminated by the bank without notice.

The following table gives the contractual discounted cash flows following due within the time brackets as given below.

C) Market Risk**i) Foreign Currency Risk**

The Group is exposed to foreign exchange risk arising from foreign currency transaction, primarily with regard to USD and Euro. Foreign exchange risk arises from future commercial transactions and recognized assets and liabilities denominated in a currency that is not the entity's functional currency (INR). As per the risk management policy, the gross currency movements are continually monitored. However, as the total exposure through currency risk directly is not material, generally forward contracts are not entered into on a regular basis.

a) The group's exposure to foreign currency risk (unhedged) at the end of the reporting year expressed in INR is follows:

Particulars	As at 31 st March, 2020			As at 31 st March, 2019		
	USD	EURO	GBP	USD	EURO	GBP

* Holding all other variables constant

ii) Interest Rate Risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to risk of changes in market interest rates relates primarily to the Group's debt interest obligation. Further, the Group engages in financing activities at market linked rates, any changes in the interest rate environment may impact future rates of borrowings. The management also maintains a portfolio mix of floating and fixed rate debt.

The Group's fixed rate borrowings and investments in term deposits with bank are carried at amortised cost. They are therefore not subject to interest rate risk as defined in Ind AS 107, since neither the carrying amount nor the future cash flows will fluctuate because of changes in market interest rates.

a) Interest Rate Risk Exposure

The exposure of the Group's borrowing to interest rate changes at the end of the reporting year are as follows:

Particulars	As at 31st March, 2020	As at 31st March, 2019
Variable Rate Borrowings and Lease Liabilities	13.41	14.34
Fixed Rate Borrowings and Lease Liabilities	25.05	24.86
Total Debt	38.46	39.20

As at the end of the reporting date, the Group had the following variable rate borrowings outstanding:

Particulars	As at 31st March, 2020			As at 31st March, 2019		
	Weighted Average Interest Rate (%)	Balance	% of Total Borrowings	Weighted Average Interest Rate (%)	Balance	% of Total Borrowings
Bank Overdraft / Obligations under Finance Lease	2.29%	13.41	35%	2.55%	14.34	37%

The percentage of total debt shows the proportion of debt that are currently at variable rates in relation to the total amount of debt.

(b) Sensitivity

Profit or loss is sensitive to higher/lower interest expense from borrowings as a result of changes in interest rates.

Change in Interest Rate	Increase/ (Decrease) in Profits	
	As at 31st March, 2020	As at 31st March, 2019
Increase by 100 basis points *	(0.13)	(0.14)
Decrease by 100 basis points *	0.13	0.14

*Holding all other variables constant and on the assumption that amount outstanding as at the reporting dates were utilised for the full financial year.

iii) Commodity Price Risk

The Group's exposure to market risk with respect to commodity prices primarily arises from the fact that it is a purchaser of base oil. Base oil is a commodity product whose prices can fluctuate sharply over short periods of time. The prices of base oil generally fluctuate in line with commodity cycles. Material purchase forms the largest portion of the Group's operating expenses. The Group evaluates and manages commodity price risk exposure through operating procedures and sourcing policies. The Group has not entered into any commodity derivative contracts. It may also be noted that there are no direct derivatives available for base oil, but there are derivatives for crude oil.

Note 47**CAPITAL MANAGEMENT****(A) Risk Management**

The Group's objectives when managing capital are to:

- Safeguard their ability to continue as a going concern
- Maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders or issue new shares.

No changes were made to the objectives, policies or processes for managing capital during the years ended 31st March, 2020 and 31st March, 2019.

Note 48**TIDE WATER OIL COMPANY (INDIA) LIMITED EMPLOYEE BENEFIT TRUST ('EMPLOYEE BENEFIT TRUST')**

The Parent Company had instituted Tide Water Oil Co. (India) Ltd. Employee Welfare Scheme as approved by shareholders vide postal ballot dated 2nd March, 2011. Subsequent to promulgation of Securities Exchange Board of India (Share Based Employee Benefits Regulations), 2014, the shareholders vide their postal ballot resolution dated 14th January, 2016, aligned the provisions of the aforesaid scheme with that of the said regulations. The scheme had also been rechristened as Tide Water Oil Company (India) Limited Employee Benefit Scheme. No option has been granted during the year, under this scheme.

The scheme continues to be administered by an independent Trust viz., Tide Water Oil Company (India) Limited Employee Benefit Trust [erstwhile Tide Water Oil Co. (India) Ltd. Employee Welfare Trust]. The objective of the trust is acquiring shares from the secondary market and implementing the aforesaid scheme for benefit of the employees of the Parent Company.

The Parent Company had provided a loan to Employee Benefit Trust for purchasing shares of the Parent Company, of which balance outstanding as at 31st March, 2020 was Rs. 8.96 Crores (Previous Year: Rs. 9.58 Crores), net of Rs. 0.04 Crores (Previous Year: Rs. 0.04 Crores) representing face value of 85,828 equity shares held by them as at 31st March, 2020 (Previous Year: 85,828 equity shares).

Note 49**IMPAIRMENT TESTS FOR GOODWILL**

Each of the subsidiaries (including step-down subsidiaries) is identified as a separate CGU. Goodwill has been allocated for impairment testing purposes to these CGUs.

Name of the Subsidiary	31st March, 2020	31st March, 2019
Veedol International Limited (VIL) #	50.94	50.94
Veedol UK Limited (formerly Price Thomas Holdings Ltd) #	69.61	69.61
Total	120.55	120.55

including its wholly owned subsidiary

Key Assumptions used for Value-in-use Calculations

The following table sets out the key assumptions for respective CGUs that have goodwill allocated to them:

Particulars	31st March, 2020		31st March, 2019	
	VIL	V UK Limited	VIL	V UK Limited
Revenue Growth (% Annual Growth Rate)	5% - 20.9%	5.0%	6.5% - 26.3%	5.0%
EBITDA Margin (%)	52.3% - 62.9%	12.0% - 13.2%	44.5% - 56.4%	9.7% - 12.1%
Long Term Growth Rate (%)	2.0%	2.0%	2.0%	2.0%
Discount Rate	8.0%	8.2% - 9.0%	8.0%	7.1% - 7.8%

The management believes that any reasonable possible changes in the key assumptions would not cause the carrying amount to exceed the recoverable amount of the CGUs.

During the year ended 31st March, 2020 and 31st March, 2019, the testing did not result in any impairment in the carrying amount of goodwill.

Note 50**SEGMENT INFORMATION**

The Group's reportable business segment consists of a single segment of "Lubricants" in terms of Ind AS 108.

Note 51**DISCONTINUED OPERATIONS**

At the meeting of Board of Directors ('the Board') of Parent Company held on 14th November, 2019, the Board decided to discontinue the operations of the Parent Company's wholly owned subsidiary Veedol International BV ('VIBV'). Thereafter, VIBV was liquidated and its operations were wound up at the close of business on 31st December, 2019. The residual fund balance was remitted by VIBV to the Parent Company as dividend prior to this date. The Parent Company had already provided for its investment in VIBV at standalone level; there is no material impact arising out of such liquidation. Considering the accounting principles as laid down in Ind AS 21, 'The Effects of Changes in Foreign

Note 52**IMPACT OF COVID- 19**

The Group is in the business of manufacturing and distributing lubricant oils. The Management estimates the demand for the Group's products to be lower in the short term but is not likely to have a continuing impact on the business of the Group.

The impact of the government imposed nation-wide lock down due to the Covid-19 pandemic was temporary as requisite approvals have been obtained by the Parent Company during the end of April 2020 to May 2020 to resume its manufacturing operations across its plants. As a result of this lock down / restrictions, production in the Parent Company's plants could not be carried out from March 23, 2020 till these approvals were obtained and consequently impacted sales and other operations. The current economic environment could temporarily result in a lower demand in FY'21 vis-a-vis FY 20. The Parent Company has gradually ramped up its production from May / June 2020 and in view of the management, a steady increase in operational levels is expected. In light of the above, inter alia, considering the internal and external factors, the Group has made detailed assessment of its liquidity position including its cash flows, business outlook and of the recoverability and the carrying value / amount of property, plant and equipment, investment properties, intangible assets, right-of-use assets, receivables, inventories, investments and other assets as at the balance sheet date and has concluded that no material adjustments are required in these (standalone/ consolidated) financial statements.
