

SILK SHIELD GREASE

LITHIUM BASED GREASE

DESCRIPTION

Veedol Silk Shield Grease is a premium lithium based grease of NLGI 3 consistency.

PERFORMANCE SPECIFICATIONS

Meets & exceeds the performance requirements of

- IS 12203 : 99 (Reaffirmed 2009)

APPLICATIONS

Recommended for the anti-friction bearing of all heavy duty commercial vehicles.

Specially developed for high performance wheel bearing applications.

FEATURES/BENEFITS

- Provides excellent anti-wear shield to the bearings.
- Helps to achieve a longer grease service interval

CHARACTERISTICS

Test Parameter	Test Method	Typical Value
Appearance	–	Golden Yellow
Texture	–	Medium Fibrous
Soap Type	–	Lithium
Worked Penetration, 60st @25°C	ASTM D 217	240
Drop Point, °C	ASTM D 2265	196
